

School facilities have been greatly improved by the action of the school board in its plans to build a Modern Mexican school. This improvement was dictated by necessity induced by an emergency because the board could not lease the old property. The building of school brings to mind some very pronounced needs in the grammar school and in the negro school. Plans recently made by the board for this improvement were not pushed out of respect to the road bond election but now that this project is out of the way it is surprising that nothing has been done to renew efforts to building the negro school and to rearrange the grammar building.

Friday night will be the first meeting of the new board of directors of the commercial club. Beginning a new semi-annual term always bears more or less significance over the average meeting of the club for the reason that new members are on the board and plans are being made for the term. "Our Town" editor suggests that the business men may render a great service to the town if they will begin with the new term and give the club their support. The club needs everyman and the town must have the club.

Nothing could be more desirable for Cameron than a good lighting system for the streets. "Our Town" editor goes on record here and now as favoring a considerable expenditure for better street lighting. The city council could do no better civic thing than to turn on a little more light. Now that indications are good for street paving better lighting will be necessary to get the full civic effect of street improvement.

High school athletics are educational and promoting health and vigor among the boys and girls who will take our places tomorrow as the men and women of the nation. America is a nation of good sporting blood and athletics reach their flower in this land of the Pilgrims. Not always do we find a proper vocal spirit manifested. Folks will gang up about the radio to learn flash by flash the results of the world series or to experience the thrill of fast punches landed hard in a battle of giants for the fistic crown but in the vital necessity of patronizing local athletics are found wanting. The foot ball team deserves your support as does all other athletics so lets turn over a new leaf in our appreciation of local sports and go out in great numbers and support the home boys.

This week in Tulsa, Oklahoma, oil conference for the petroleum regions of America is being held. If the Milam county oil fields are represented other towns in the county will represent them. The Tulsa conference is the largest and most significant gathering of oil interests in the history of the industry. If the Commercial Club could have felt the necessity it might have at least sent up specimens of the Cameron oil for the exhibits. Just why there is such pronounced lethargy regarding the oil field near Cameron is beyond the depth of understanding. Cameron invested heavily in securing a refinery sight and has spent money for publicity purposes but no constructive effort has been made to bring the tide of oil operators to Cameron.

BILL BOOSTER SAYS

"DID YOU EVER NOTICE HOW FOLKS WHO HAVE MOVED AWAY FROM HERE FREQUENTLY DECIDE THERE'S NO PLACE LIKE THE OLD HOME TOWN AND MOVE BACK? THERE MAY BE BIGGER TOWNS THAN THIS, BUT THERE AIN'T ANY BETTER ONES!"

VOLUME 46.

KNIGHTS PYTHIAS HOLD MEETING HERE MONDAY

GRAND CHANCELLOR FUTCH AND OTHER GRAND LODGE OFFICERS VISIT HERE.

Knights of Pythias from over the nineteenth subordinate district of which Will O. Triggs of Cameron is district deputy grand chancellor met under call of the district head here Monday night, entertaining the Grand Chancellor of Texas, W. M. Futch of Hendon.

The Knights, more than a hundred gathering for the meeting were convened at seven o'clock in the Castle Hall of Milam Lodge No. 125 where a short reception was held at seven o'clock for the Grand Chancellor and other officers who are Col. John Bonner, representing the life insurance feature of the order; W. S. Lemley of Temple, former Grand Chancellor; Hon. P. L. Downs of Temple and others.

From the Castle Hall the members went to the basement of the Methodist church where a banquet was spread by the Methodist Missionary Society.

When the guests were given their places at the table District Deputy Grand Chancellor Triggs called on Knight J. B. White to say the invocation. During the hour Miss Eloise Rogers and Mrs. Alex Triggs sang for the Knights, and Miss Lucile Dickard rendered piano selections.

Hon. M. G. Cox, member of the grand lodge, delivered an address to the knights on behalf of the local lodge. The speaker said that within the past year the lodge here has entertained two grand chancellors. He gave the visiting knights a warm welcome and spoke at some length on the purposes of the fraternity.

On the table where sat the grand lodge officers and local knights was a large white cake bearing the colors and inscription of the Pythian arms baked by Mrs. L. H. Posey in memory of her son, Raymond Posey who was a Knight of Pythias.

Mr. Cox presented the cake to the grand chancellor and spoke reverently of the memory of Raymond Posey and his mother for their great Pythian spirit and sympathies. The cake was accepted and was sent to the home of the Grand Chancellor at Henderson, Texas.

Responding Grand Chancellor Futch spoke briefly in acknowledgment of the honors bestowed by the meeting taking occasion to thank Mrs. Posey for the cake. From the speech of the grand chancellor the knights went to the Castle Hall.

Reports were heard after the lodge had been called to order by Chancellor Commander O. W. Crittenden. W. O. Triggs took the seat and presided.

Caldwell, Rockdale and other lodges were heard from.

W. S. Lemley, former grand chancellor spoke in his usual eloquent way on Pythianism. Following him Col. P. L. Downs of Temple fired the knights with enthusiasm for the order and the work of Pythians. W. W. Chambers, local Knight, made a talk along fraternal lines and this was much enjoyed. A talk was made by Judge Ed. Gunn of Rockdale and C. F. Drake of Rockdale, the latter speaking along lines of Americanism.

W. M. Futch, Grand Chancellor, outlined in a brief address his aims for the grand domain of Texas and expressed confidence that the domain would show a net gain of 2000 members by the end of the grand lodge term. This was the first time Cameron knights had met the grand chancellor and his address has created a profound impression among the members.

Following the addresses the degree in the rank of page was conferred. Knight B. F. Bonds furnished cigars for the occasion and the evening was most pleasantly spent.

WEATHER REPORT.

Thursday Oct. 11, 11:00 a. m. East Texas (Cameron)—Tonight and Friday unsettled, probably rain in the south portion. Colder tonight in the Panhandle. Showers occurred in the southeast portion of Texas. Brownsville 1:14, Corpus Christi 64, Beeville 42, Cameron 41, Llano 66. Lowest temperature yesterday was 58 at Amarillo, Cameron 78 and Henrietta 84, Phoenix, Arizona 104.

35,994 BALES GINNED SINCE SEPTEMBER 25TH

There were 34,994 bales of cotton counting round as half bales, ginned in Milam county, from the crop of 1923 prior to September 25, 1923, as compared with 31,716 bales ginned to September 25, 1922.

BASIL MCGREGOR, Special Agent Cotton Milam County. Local cotton statisticians are of the opinion that much more cotton would be raised in the county than in 1922

but from the report of the Federal government it appears that the 1923 crop will not be as large as anticipated. While it is true a large amount of cotton is not gathered in the county practically all of the upland cotton is out.

The good price will make the 1923 crop worth almost double the 1922 crop and trade conditions will be the best in recent years.

ROSENBERG IS FREED ON RAPE CHARGE HERE

JURY FINDS FORMER ROCKDALE HIGH SCHOOL BOY NOT GUILTY.

Arthur Von Rosenberg former high school student at Rockdale and 18 year old boy residing with his parents at Sharp was found not guilty of a charge of rape found by the grand jury by a jury in the district court here this morning.

The grand jury found a bill against Rosenberg and he was charged with statutory rape on complaint of Miss Mae Offield of Sharp who was the prosecuting witness.

The trial began Tuesday and more than 75 witnesses were examined. Big crowds were in the court room at all times during the nearly three days consumed in the trial. Chambers, Wallace & Gillis defended Rosenberg and District Attorney Jack Lewis and E. A. Camp of Rockdale conducted the prosecution.

No case in recent years has attracted more attention than this case and argument was concluded by A. J. Lewis at ten o'clock Wednesday night. The jury returned its verdict of not guilty at about ten o'clock Thursday morning.

RAILROAD CAR THEFTS BELIEVED BROKEN HERE

CITY MARSHALL MAKES SIX ARRESTS OF YOUTHS CHARGED WITH ROBBERY CARS

Burglaries of freight cars that have baffled officers here for the past several months are believed to have been broken up with the arrests Tuesday of six youths all of whom have made statements acknowledging the burglaries.

At no time have the burglaries netted any considerable amount of stuff but the boys have been robbing cars of fruit and other things.

City Marshall Vince Lucas Tuesday arrested six boys and all of them have admitted guilt in burglarizing a car of apples. The boys took apples and carried them away in sacks and in several instances have sold them to negroes.

All of the boys are said to reside here with the exception of one who resides about eight miles from the city.

It required some time for Mr. Lucas to fix guilt for these offenses but now that he has apprehended the boys it is believed no further trouble will be experienced. All of the boys are young and it is thought no prosecutions will result the object of the marshal being to stop the burglaries.

The boys have been released on their own recognizance and have agreed to drop their work of thievery in the railroad yards.

For some time past the offenses have been reported and considerable work was necessary to clear up the burglaries.

Don't forget Parma's telephone number is 104.

Miss Logia Chatman was a week end visitor in Galveston.

Mr. and Mrs. J. D. Fikes and Mrs. Susie Sloan attended the funeral of Zorus Criswell in Buckholtz last Friday.

COMMERCIAL CLUB WILL NAME SECRETARY FRIDAY

DIRECTORS MEETING TO TAKE UP APPOINTMENT OF SECRETARY FOR CLUB.

Friday night the Commercial Club Directors will name a secretary for the club for the ensuing semi-annual term.

For several weeks past the club has not had a regular paid secretary as previous to that time. Paul Webb has been acting secretary for the past several weeks.

The club will not undertake at this time to put on a full time secretary for the reason that it is thought there is no demand for the paid plan.

C. W. Lawrence has again been elected to head the Commercial Club and O. M. Smith has been named as vice president to succeed himself.

During the administration of Mr. Lawrence the club has made considerable progress and its record has been above the average. Mr. Lawrence received the unanimous support of all present at the meeting on last Friday night.

Twelve directors were named for the semi-annual term.

MARAK PUBLIC SCHOOL OPENS OCTOBER THE 15

MONDAY MORNING PUPILS OF THIS DISTRICT WILL ASSEMBLE FOR STUDIES.

Monday October 15 the Marak school will open for the 1923 and 1924 term of school. Announcement is made that the compulsory attendance will begin on November 5.

A good attendance and a good school is expected at Marak this year as on last year. Mrs. Will Parma is principal of the school and Miss Albina Janicek is assistant to Mrs. Parma in the school.

Mrs. Parma and Miss Janicek were teachers in the Marak school last year, having charge of it.

Parma will sell you 4-oz can of spice for a dime. Can you beat it?

Mrs. Lizzie James Hause has been visiting relatives in Cameron this week. She left Wednesday afternoon for Milano and will spend a week there and at Hanover before returning to Rosebud.

HIGHWAY REPORT.

Thursday Oct. 11, 11:00 a. m. All highways are passable in Texas.

On account of high water in Oklahoma and many bridges out in New Mexico and Arizona, the roads are impassable and extended trips are not advisable—stay close to home!

Houston route via Hearne is fair to good.

Caldwell via Milano, good to Milano rough through Milano, thence good to Burleson county line, balance fair into Caldwell. Washes will be encountered along the newly constructed road in the Milano sector and caution should be used in passing cars. Signs along the road spells "Milano" as "Minelo" and keeps the travelers baffled.

San Antonio can be made via Thorndale or Rogers, both routes are fair to good.

Waco can be made via Burlington-Rosebud or Temple.

ACCIDENTAL SHOT HITS STREET PAVING PLANS

MRS. ROBT. D. WHARTON TO THE COUNCIL SOON

LYING IN BED MONDAY NIGHT WOMAN IS WOUNDED BY SHOT THRU WINDOW.

Mrs. Robert D. Wharton was wounded by a mysterious shot through the window of her home in north Cameron Monday night about eleven o'clock. The bullet entered the right thigh and parts of the bed clothing were found in the wound at the hospital the following day when the missile was removed.

Mrs. Wharton's condition is not serious although the wound was very painful. Doctors summoned on the night of the shooting were unable to locate the bullet.

Tuesday afternoon at the hospital the bullet was removed. Experts say the bullet was fired from a 38 calibre automatic pistol. The bullet shows signs of disfigurement on its nose with plain prints of the screen visible where it passed through the window screen before entering the thigh of Mrs. Wharton.

After the shot Mrs. Wharton who had assisted in the banquet at the Methodist church given by the ladies to the Knights of Pythias, with her children crawled under the bed fearing there might be other shots. After a few minutes hidden from view and from possible danger, Mrs. Wharton reached the telephone and called her husband, Robert D. Wharton who was at the Knights of Pythias Hall. Mr. Wharton did not tell any of the lodge members the trouble but hurried away explaining that an emergency call had come from his home. The lodge members knew nothing of the shooting until later in the night and the next day.

Officers summoned included City Marshal Vince Lucas and Sheriff Drue S. Rogers and deputies. So far no clue has been found to indicate the person firing the shot. People living in the vicinity are said to have heard a shot and the angle of the bullet as it entered the home of Mr. Wharton bears out the theory that it was purely an accidental shot fired more than two hundred yards from the home.

Sheriff Rogers declares the shot was accidental and Mr. Wharton is of the same belief, having no reason to think it could be otherwise.

STRAY DOGS IN CITY WILL BE SHOT IF NOT TAKEN UP AT ONCE.

Recurrence of hydropophobia among dogs in Cameron has warranted the city authorities to issue notice that if the dogs are not taken up by the owners and confined they will be shot at once.

In this way the city will get rid of a large number of dogs known as stray dogs and among which is found rabies in most cases. The city council Tuesday night will enact legislation to require vaccination of dogs in the city.

Dog owners are warned to take due notice of the fact that dogs will not under any circumstances be permitted to run at large in the city.

Mrs. Walter Heap, Mrs. Walter Heap, Jr., and children and A. C. Smith all of Taylor were guests of Mrs. Fannie Pullian Saturday.

LION CLUB LUNCHEONS AND HEARS GOOD TALKING

SECRETARY OF TEMPLE LIONS ADDRESSES LOCAL LIONS AT MEETING TUESDAY.

Secretary, McBeth of the Temple Lion's Club addressed the local Lion's Club Tuesday night on general fraternal lines and his was the principal address of the luncheon which was held at the Bigbee House, Friday night beginning at 7:30 o'clock.

There were present a number of visitors and a good attendance on the part of the members.

Application for membership was received from T. S. Henderson, Jr., and W. S. Lamkin and both were elected to membership.

The Lion Club holds weekly meetings and the membership is steadily increasing at each meeting.

WILL ACT ON RECOMMENDATION OF CITY ATTORNEY FOR PAVING.

On next Tuesday night the City Council will meet to enact all necessary legislation to carry out the contemplated paving program for the city. This action was decided upon at the last regular meeting of the council.

The City Attorney Paul Webb will have before the council all necessary legislation to carry into effect the program of paving for the business district where levies against property are contemplated.

The paving costs can be distributed over a period of five years if necessary and this will not be burdensome on any one. In the residence sections the paving will be carried out on voluntary basis and no one now doubts that the program will be large.

The council is thoroughly in accord with the assessment plan in the business district to overcome failure on the part of out of town property owners to sign up for the paving.

F. A. Marek reported Tuesday that the petition given him for the block in which his business is situated has been fully signed and ready for the paving. This is the second block to have been closed since the petitions were sent out over a month ago. The other block was signed by W. W. Chambers and Geo. T. Graves.

The fact that Mr. Marek has closed up his block indicates the trend of sentiment for paving.

YOUTH IS ACCIDENTLY KILLED NEAR HANOVER

SHOTGUN DISCHARGED BY COMPANION ENDS LIFE OF GUS MOSELEY.

Gus Moseley, 17, was instantly killed near Hanover Tuesday at noon when a shotgun in the hands of 12 year old Eli Rogers was accidentally discharged, the load striking him in the right arm and breast.

The boys were companions and Moseley was approaching the Rogers home when Eli grabbed the gun and thrust it through the window to scare his companion. As he did this the gun fired and Moseley dropped to the ground dead.

Sheriff Rogers and Justice J. M. Ralston went to the scene of the killing immediately after the report reached here and the Justice of the peace rendered a verdict of accidental death.

The Rogers boy resides with his grandmother, Mrs. Mary Rogers. A smaller child is said to have been playing with the gun on Sunday and is thought to have set the trigger so that when the boy thrust the gun at his companion the load was discharged.

The gun was the property of a negro and had been borrowed by an elder brother of the Rogers boy. The funeral was held in Milano Wednesday.

Dutseh, r. g.

Referee—Sterling.

Umpire—Casey.

Punts for Cameron—Young punted three times for an average of 35 yards.

Punts for Caldwell—Muller punted three times for an average of 29 yards.

CAMERON 10; CALDWELL 0.

Yoemen defeated Caldwell Gridders 10 to 0. But game is forfeited, when Caldwell quit playing in last few minutes of play.

First Quarter—Childress kicks off 50 yards to Porter who fails to return it. Porter gains 5 yards off tackle. Captain Harris gains 3 yards on end run. Dowell makes 2 yards and a first down through center. Muller makes 8 yards on end run. Dowell fails to gain thru line. Porter gains 1 yd through center. 4th down and 1 yard to go. Porter makes 3 yards through center and a first down. Captain Harris makes 8 yards through center. Muller fails to gain on end run. Muller again fails to gain. Dowell makes first down thru center. Harris fails to gain. Pass Porter to Muller nets 35 yards. Childress returns 6 yards. Caldwell penalized 5 yards off sides. Porter gains 4 yards off tackle. Muller fails to gain. Pass Dowell to Hensley incomplete. Cameron's ball. 1st down. Young punts 50 yards and Dowell fails to return. Pass Porter to Muller nets 6 yards. Muller punts 35 yards. Childress returns 6 yards. Caldwell penalized off sides. Second down 5 to go. Fontaine gains 2 yards through line. Quarter up.

Score—Cameron 0, Caldwell 0.

Fontaine makes 7 yards through center and 1st down. Fontaine fumbles, but gains 1 yard. Childress makes 3 yards through center. 3rd down 6 to go. Fontaine makes 1 yard through line. Childress fails to drop kick goal on Caldwell's 35 yard line. Caldwell's ball on her 20 yard line. Porter gains 6 yards off tackle. Dowell gains 5 yards thru center and 1st down. Harris gains 8 yards thru line. Muller gains 3 yards thru center. 1st down. Porter gains 3 yards thru line. Pass Harris to Muller nets 15 yards and 1st down. Dowell gains 10 yards thru line. Captain Harris gains 2 yards off tackle. Harris gains 10 yards on end run and 1st down. Dowell gains 2 yards thru line. Porter gains 3 yards off tackle. Dowell gains 3 yards thru center. Harris around right end for 1st down. Cameron penalized 5 yards off sides. Dowell fails to gain thru center. Caldwell penalized 5 yards off sides. Porter fumbles ball but Cameron was off sides, penalized 5 yards. Porter gains 1 yard off tackle. Muller loses thru line. 4th down, goal to go.

Caldwell fails to make touchdown. Cameron's ball on about her own 3 yard line. Young fails to gain on end run. Half up.

Score—Cameron 0, Caldwell 0. Childress kicks off 20 yards and Caldwell penalized 15 yards. Pass Porter to Muller incomplete. Muller gains 6 yards off tackle. Harris

to Muller punts 25 yards. Childress receives, no return. Young fails to gain thru line. Pass Young to Hefley nets 4 yards. Young punts 35 yards. Dowell receives and returns 4 yards. Dowell makes 1 yard thru center. Porter fails to gain. Dowell gains 8 yards thru center. 4th down, 1 yard to go. Dowell fumbles and ball goes to Cameron on about Caldwell's 35 yard line. Childress goes over center for 4 yards. Fontaine gains 4 yards thru center. Fontaine gains 1 yard thru center. Childress goes over center for 1 yard and a first down. Hefley makes 3 yards over center. Fontaine gains 3 yards over center. Hefley fails to gain. Young drop kicks goal from 19 yard line.

Score—Cameron 3, Caldwell 0.

Childress kicks off 40 yards and Dowell returns 5 yards. Pass Porter to Muller grounded. Harris gains 2 yards in an end run. Pass Porter to Muller grounded. Muller punts 20 yards. Hefley returns 8 yards. Cameron's ball. 1st down. Young fails to gain on end run. Fontaine gains 5 yards over center. Pass Young to Hefley incomplete. Young punts 20 yards out of bound. Caldwell's ball on about her own 15 yard line. Muller gains 5 yards on end run. Pass Dowell to Muller incomplete. Harris gains 4 yards on end run. Porter makes 1st down. Harris loses 10 yards when he fumbles. Pass Porter to Dowell fumbled. Cameron recovers, 1st down. Cameron off sides penalized 5 yards. Childress made 5 yards off tackle. Hefley fails to drop kick goal on about the 45 yard line. Caldwell's ball 1st down. Harris fails to gain thru line. Pass Porter to Hensley intercepted by Childress who races about 30 yards for a touchdown. Childress kicks goal. Score—Cameron 10, Caldwell 0.

The Yomen defeated the Caldwell Hi foot ball team 10 to 0 Friday. The scores were made when Young drop kicked goal on the 19 yard

line and when Childress intercepted a forward pass and ran 30 yards for a touchdown. The Caldwell Gridders threatened the Yoemens goal in the second quarter when they were on the Yoemen's 3 yard line but the stone wall offense of the Yoemen held on the last few minutes of play. Coach Rody of Caldwell became peeved and called his men off the field and forfeited the game 2 to 0. Rody claims he will protect the decision on the grounds that he was treated unfairly in the second quarter when head lineman Young claims Dowell stepped out of bounds when he went for a touchdown. The Yoemen are improving each day and they have a fine team. Friday they go to Calvert and take on Calvert Hi.

Waco High defeated McGregor High Friday 127 to 0. Kelly and Groves were the stars. The Tigers might defeat all these weak teams by an overwhelming score, but they will strike stiff opposition this week when

they meet the Southwestern scrubs, and still stiffer opposition when they meet the Yoemen on Oct. 20, for those Yoemen are going to give the Tigers a fight.

High School Foot Ball of past week:

Cameron 10, Caldwell 0.

Cameron 9, Bremond 6. Yoe Hi scrubs,

Waco 127, McGregor 0.

Temple 7, Deef and Dumb 0.

Granger 7, Southwestern scrubs 0.

Aggie Fish 7, Marlin 0.

Allan Academy 14, Rockdale 0.

Those Yoe High scrubs certainly did pour it on Bremond Saturday. Coach Sterling's Yannigans proved they also have a good team.

Coach Rody became very much peeved Friday when he saw the Yoemen had his Gridders defeated and he called them off the field.

NOTICE.

This is to give notice to the Public that cotton receipt No. 60050 issued in the name of W. A. Belt on the 27th day of September, 1923, by the Cameron Compress Company, for one bale of cotton delivered by him to that Company, has been lost, and that the undersigned is the legal owner and holder of said cotton, and the public is warned not to accept said receipt or to deal with same in the hands of any other person.

W. A. BELT.

PARENT-TEACHERS ASSOCIATION

The Parent-Teachers Association will meet at Yoe High school Wednesday afternoon, October 17, at 4 o'clock. Mothers who have children in the Freshman and Sophomore classes are especially asked to be present. Any mother who is interested in the school is urged to become a member of this association.

KU KLUX DRAGONS TAKE OFF HOODS IN OKLAHOMA

OKLAHOMA KLAN MAY FORBID USE OF MASK AND HOOD IN PUBLIC.

Oklahoma City, Oct. 9.—The grand dragons of the Oklahoma Ku Klux Klan may get instructions from Atlanta within the next three days authorizing them to forbid the use of the mask and hood in klan parades and other public demonstrations in this State. This was forecast by klansmen who recommended this step in advance of the passing of an anti-mask bill by the Oklahoma Legislature which convenes Thursday.

Campbell Russell, former chairman of the Corporation Commission and author of the bill voted on last Tuesday to enable the Legislature to convene itself, said that the klan in Oklahoma recommends removal of the hood and mask in public. Russell is a confessed klansman. It is predicted that the substance of the bill to be introduced in the Legislature will forbid public use by any secret order of masks and hoods but that their use in lodge rooms will not be forbidden.

From inner circles yesterday came verifications of rumors that Gov. Walton contemplates resigning. He is said to have little hope of getting support of enough Senators to save his face.

Some of the Governor's friends are said to have advised that he can get out of the dilemma with more honor by resigning. The Governor is concerned, however, over the possible outcome of a grand jury investigation of his efforts to thwart the election last Tuesday. That an effort to indict him on that score will be made there is no doubt. As a matter of fact, wholesale indictments may result in this and other counties.

The public has heard a great deal of "immunity" talk. It is said that friends of Walton have interceded with influential men to arrange for certain immunities in case he files his resignation. One State official says that he was approached and that he declined to intercede.

Caucusing of House members has not passed beyond the stage of informality. The principal organization work will be done after a speaker is elected and the necessary preliminary committees are named. The program most discussed is the organization, receiving of the Governor's message, referring to a committee, the appointment of committees and a recess until the following day. And that the bill forbidding klan masks, after being referred to a committee, probably will there remain until after impeachment matters have been disposed of.

The idea of the House is that klan legislation will follow the ousting of the Governor. The House will direct inquiries at the State Board of Public Affairs at the head of which is Ben Lafayette, former Democratic State chairman at the State Highway Department; at the head of which is Paul Nesbitt, former speaker of the House; at the State Health Department, at the head of which is Dr. A. E. Davenport, one of the indorsers on the membership application on the klan, purported to have been authorized by Governor Walton, and other appointive officers.

Special investigation will be made of the authority and activities of men drawing pay from several State departments who are classed as "gunmen" bearing special commissions from the Governor.

AN ORDINANCE.

AN ORDINANCE regulating the care, production and sale of milk; providing a penalty and declaring an emergency, and repealing all ordinances or parts of ordinances in conflict herewith:

Be it enacted by the City Council of the City of Cameron:

Section 1. No person shall engage in the sale of milk or cream in the City of Cameron, Texas: ship the same into the City for sale, or supply to anyone for use in the City unless he shall obtain a permit from the board of health so to do. A fee of fifty cents (50c) shall be charged for

each permit. Permits shall be renewed every six months. On or before the first day of September, and the first day of March of each year hereafter, permits shall be issued by the sanitary officer for the ensuing half-year to all applicants who comply with the provisions of these rules and regulations regulating the sale of milk or cream in the City of Cameron, Texas, but before the issuance of any permit every vendor or shipper of milk or cream shall make application therefor, upon a printed form provided by the board for the purpose, on which shall be stated:

(a) The name, residence, post-office address and location of the business or place of the applicant.

(b) The number of cows from which milk is obtained for sale, and the kind of food which the cows are given.

(c) If the applicant buys part or all of his milk supply, the names and addresses of all persons from whom he obtains milk or cream.

(d) If the applicant be a shipper of milk or cream into the City, he shall, in addition to the above, state the route of his shipments.

(e) If any person or corporation licensed under the provisions of the ordinance shall change the location of his or its place of business a written notice of such change shall be given forthwith to the board of health, and no business shall be conducted, or carried on, under such license at such new location until such notice shall be given as herein provided. Provided, that this ordinance shall not be part of the milk thereof, at the same time, by the members of the same family. Two or more cows shall constitute a dairy within the meaning of this ordinance.

If any person engaged in the sale of milk or cream after the said first day of September or March in any year, he shall forthwith make application for a permit for the remainder of the half year, complying with the above regulations.

The Sanitary officer shall not issue any permit unless he is satisfied with the cleanly and sanitary condition of the stables, cows, wagons, the keeping of one cow and selling of milk or cream, the board of health officer shall become satisfied that the store or place of business of the applicant therefor, and with all the utensils used by him from which his milk or cream is obtained; and that the food given the cows is pure and wholesome, and that all persons engaged in the care and handling of the milk are free from any contagious diseases, and said persons use due cleanliness in their work.

All applications for permits shall be signed by the applicant. The permit fee shall accompany the application.

If, after issuing a permit to sell construed as requiring a license for provisions of this subdivision of the ordinance are being violated the officer shall, at once, revoke the permit issued to such person or persons, and no new permit shall be issued until all unsanitary conditions have been rectified, and all other provisions of this subdivision of the ordinance are complied with.

Sec. 2. No person shall offer for sale any milk that is impure, filthy, adulterated or unwholesome, as herein provided.

Sec. 3. No person shall bring into the City for sale or shall sell or offer for sale any milk:

(a) Containing more than 88 per cent of water or fluids.

(b) Containing less than 12 per cent of milk solids.

(c) Containing less than 3.25 per cent of milk fats.

(d) From which any part of the cream has been removed.

(e) Having a specific gravity of less than 1.029.

(f) Containing any dirt, foreign matter or sediments.

(g) Containing any baracic or salicylic acid, formaldehyde, hydrogen peroxide or other foreign chemicals.

(h) Containing any pathogenic bacteria.

(i) Containing bacteria of any kind, more than 50,000 per cubic centimeter.

(j) Drawn from any cow having a communicable disease, or showing clinical symptoms of tuberculosis, or from a herd which contains any diseased cattle or are affected with or exposed to any communicable disease.

(k) Drawn from any cow which has been fed on garbage, refuse, silt, moist or other improper food.

(l) Which has been kept under conditions contrary to the provisions of this ordinance.

(m) No milk shall be kept, sold, offered for sale, or drawn from cows suffering with sore and inflamed udders and teats, or from diseased cows.

(n) Drawn from any cow within fifteen days before, or nine days after parturition.

(o) No milk in partially filled bottles shall be sold or offered for sale, and no bottles shall be filled, capped, or re-capped outside of the dairy building, regularly used for this purpose.

City of Cameron, Texas, from a dairy which does not score 50 or over, according to B. A. I. score card.

(g) The minimum composition of milk shall be as follows:

Solids (not fat), 8.5 per cent.

Milk fat, 3.25 per cent.

Skim milk to contain 9.20 per cent, total solids.

(r) Any milk dealer found guilty of selling or offering for sale adulterated or impure milk shall, after second offense, be refused license to sell milk in the City of Cameron, Texas.

(s) The term "filthy" shall be deemed to apply to milk not securely protected from flies, dust and dirt, and as far as may be necessary by all reasonable means from foreign or injurious contaminations. Provided, that subdivisions A, B, C, and D, shall not apply to milk sold under the title of "skimmed milk."

Sec. 4. The milkers must thoroughly wash and wipe their hands and the cows udder before they begin milking. Their outer garments must be clean and a washable material. They must not use pails, cans, strainers, etc. unless they have been thoroughly washed in hot water, and soap, or hot water and soda and afterward sterilized with boiling water or steam. Care must be taken that the seams of the vessels are thoroughly cleansed with a brush. They must refrain from milking or handling milk in any way when in themselves or their families there is even suspicion of any contagious or infectious disease, such as small-pox, scarlet fever, diphtheria, typhoid fever, tuberculosis or the like, and all employees are subject to physical examination at any time.

Sec. 5. Immediately after milking, the milk shall be removed from the stable into a milk room screened from flies and other insects, cooled and cooled to at least 50 degrees Fahrenheit, and put into perfectly clean bottles or cans.

The milk house or milk room must, at all times, be kept in a clean and sanitary condition. Dairymen, who use both bottles and cans in delivering milk shall not fill bottles while on their route. All milk and cream sold in the City shall be delivered with a temperature not to exceed 60 degrees Fahrenheit.

Any person, firm or corporation licensed under the provisions of this ordinance shall not use, or cause, or permit to be used any can, bottle or other receptacle, which has upon it the name or label of any other person, firm or corporation licensed under the provisions of this ordinance.

Sec. 6. Each dairy shall be provided with a properly constructed milk house, provided with a wire screen for doors and windows, and ample arrangements for heating water, and it shall not be used for any purpose other than handling milk products; said house shall have a properly constructed sink, at which bottles, cans and other utensils, used in handling milk may be washed, and shall be provided with a drain pipe carrying all waste water at least 100 feet from the milk house, water supply and barn. Said milk house shall be at least 50 feet from any cow stall or stable.

Sec. 7. The stable shall be so constructed that the cows have plenty of air space and light and should be painted in some light color or white washed twice a year. The stables must be kept free from dirt, dust, cob-webs, and odor, and the ceiling must be dust tight.

Sec. 8. All cans or bottles used in the distribution of milk must be thoroughly cleaned, either by hot water and soap, or hot water and soda, or other alkalies, rinsed and sterilized by boiling water or steam before they are again used as receptacles for milk; extreme care must be exercised in cleaning the faucets to cans by use of a brush. No person shall use a milk bottle for other than milk purposes.

Sec. 9. Should scarlet fever, small-pox, diphtheria, typhoid fever, tuberculosis or other dangerous or infectious diseases occur in the family of any dairymen or among any of his employees, or in any house in which milk is kept for sale, or in the family or among the employees of any person who ships milk into the City for sale, such dairymen, such vendors, or shippers of milk shall immediately notify the health officer, who shall at once investigate and order the sale of such milk stopped or sold under such regulations as he thinks proper.

Sec. 10. The board must require a certificate from a licensed veterinarian, showing the cows furnishing milk brought for sale within its jurisdiction are free from tuberculosis or other dangerous diseases. Each animal in the herd must be tested once each year for tuberculosis, unless one or more reactions are found; then such animal shall be tested every six months until two complete tests are made and no reactions are found. Each animal shall have an ear tag showing date of test and result thereof.

Sec. 11. The milk or dairy inspector, the health officer, or any other person authorized by the board of health may examine all dairy herds, utensils for handling milk of all dairymen, or other persons engaged in selling or shipping for sale milk or cream to the City of Cameron, Texas. These inspectors or health officers shall have power to open any can, vessel, or package containing milk or cream, whether sealed or otherwise, or whether in transit or otherwise, and take samples of the milk or cream for testing or analysis; and, if upon inspection, the milk or cream is found to be filthy, or cans or other containers are in an unclean condition, the said inspector or health officer may then and there condemn the milk or cream as deemed by him filthy, under the provisions of this ordinance, and pour the contents of such bottles, vessels or packages upon the ground forthwith, and he shall, if done in good faith, not be held liable in damages therefor, in any suit or demand made thereupon.

Sec. 12. Milk shall be kept at a temperature below fifty degrees Fahrenheit. No milk or any of its products, except butter, shall be handled, stored, or sold from any building used as a residence. All surfaces, floors, walls, and ceilings shall, at all times, be kept clean. Windows and doors shall be screened for the prevention of flies and dirt. Refrigerators and ice boxes shall have their surface lined with porcelain or metal substance. No other food products shall be stored in refrigerators or ice boxes, with milk products. Utensils must be clean, free from rust and rough substances, and must be sterilized in inner and outer surfaces by exposure to a temperature of not less than 212 degrees Fahrenheit before receiving milk.

Sec. 13. All ordinances and parts of ordinances in conflict with this ordinance are hereby repealed.

Sec. 14. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and shall, upon conviction thereof, be fined not less than One (\$1.00) Dollar, nor more than Fifty (\$50.00) Dollars, and each day's offense shall constitute a separate offense.

Sec. 15. The fact that there is no adequate ordinance regulating the care, production and sale of milk creates an emergency and an imperative public necessity that the rule requiring ordinances to be read on three several days be and the same is hereby suspended, and that this ordinance take effect from and after its passage and it is so ordained.

J. B. WHITE,
Mayor of the City of Cameron,
THE STATE OF TEXAS,
County of Milam.

I, R. D. Brown, Secretary of the City of Cameron, do hereby certify that the above and foregoing is a true and correct copy of the above styled ordinance and the proceedings relating to its adoption and approval as the same appear of record in the Minutes of Book of Ordinances of the City of Cameron.

Given under my hand and seal of office this 3rd day of October, A. D. 1923.

R. D. BROWN,
Secretary of the City of Cameron.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

F. J. CHENEY & CO., Toledo, Ohio.
Sold by Druggists, etc.
Hall's Family Pills for constipation.

THE STATE OF TEXAS.

To the Sheriff or any Constable of Milam County—GREETING:

You are hereby commanded to summon Louis Alexander by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Milam County, to be held at the courthouse thereof in Cameron, on the 12th day of November, 1923, the same being the Second Monday in November, 1923, then and there to answer a petition filed in said court on the 16th day of December, 1919, in a suit, numbered on the docket of said court No. 8098, wherein Winnie Alexander is plaintiff and Louis Alexander is defendant said petition alleging: Suit for divorce on the statutory ground of three years abandonment, and for custody of

their six children, Nora, Lillis, Sherman, Vernell, Druell and Fannie Belle Alexander, and for costs of suit and general relief.

Herein fail not, but have before said court on the said first day of the next term thereof, with your return thereon, showing how you have executed the same.

Witness, Penn Wolf, Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court, in Cameron, this the 8th day of October, A. D. 1923.

PENN WOLF, Clerk
of the District Court, Milam County, Texas.

OWNERSHIP, MANAGEMENT, CIRCULATION, ETC.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in N Strips
Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Chas. H. Fletcher* on the wrapper all these years just to protect the coming generations. Do not be deceived. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

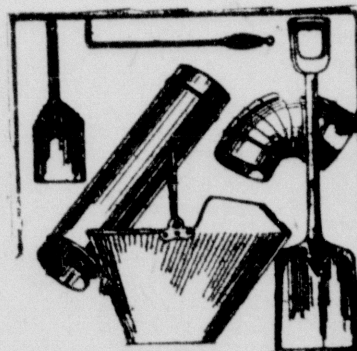

Bears the Signature of

Chas. H. Fletcher

Mr. and Mrs. A. F. Mitchell leave today for San Francisco to attend the national convention of the American Legion. Mr. Mitchell is Commander of the Edwin Hardy Post No. 9, Cameron.

Spur Farm Lands

(Northwest Texas.)

Many farmers are making a hard or doubtful living on high priced lands in localities cursed with insect pests, or floods, or drought, or other enemies to successful farming. The end of each year finds time and energy practically wasted—no progress made. Spur Farm Lands offer relief from these conditions. Any good farmer can pay for these lands from the products thereof. Of the nearly one-quarter of a million acres of this large Ranch, which have been sold, \$1.61 per cent has been paid in full. The balance of these Spur Farm Lands, some of which have never been placed on the market before, offer productive, easily cultivated land, at low prices and on easy terms. Splendid crops are raised without irrigation. No boll weevil ever known here. Altitude 2,000 to 2,600 feet.

Considering the reliable production of these lands—prices are as low as anywhere in Texas. According to the 1920 census, Dickens county made the largest gain in increase in number of farms for the previous decade of any county in the State of Texas below the Cap Rock. Splendid climate; no malaria, chills, or fever; good churches; excellent schools. Dickens county has the best gravel roads of any county in Northwest Texas; some of them built under State and Federal supervision. We offer the homestead a wide range for selection, and are selling direct—no commission to anyone; the purchaser receives full value in dealing direct with the owner as opposed to paying a middle man several dollars per acre.

We also offer STOCK FARMS AND SMALL TRACTS, perfectly adapted to this purpose at reasonable prices and terms.

Free illustrated booklet, giving all particulars, on application to

CLIFFORD B. JONES

Manager for C. M. Swenson & Sons, Spur, Dickens County, Texas.

That wholesome "Merit" bread made in Dallas on Friday and Saturday at Parma's.

All of my residence property in Cameron and also all vacant lot property for sale.

Mrs. Ella Hooks

Cameron, Texas.

HOW WATER IS WASTED

ONE FOURTH INCH OPENING. This size stream will flow 375 gallons per hour or 270,000 gallons per month cost at 25c per 1,000 gallons \$67.50.

ONE EIGHTH INCH OPENING. This size stream will flow 150 gallons per hour or 108,000 gallons per month, this at 25c per 1,000 gallons \$27.00.

ONE SIXTEENTH INCH STREAM will flow 30 gallons per hour or 21,000 gallons per month, this at 25c per 1,000 gallons will be \$5.40.

ONE THIRTY-SECOND INCH STREAM will flow 7 1-2 gallons per hour or 5,400 gallons per month, this at 25c per 1,000 gallons \$1.35.

It is impossible for a water meter to register in service without water passing thru it, so if your bill seems large you will know that you have a leak wasting water somewhere and do not blame the METER for performing its duty.

These figures were compiled by Mr. R. D. Morgan Superintendent of the City Water Works of Temple, Texas.

PIONEER MILAM COUNTY WOMAN DIED RECENTLY AT DAUGHTER'S HOME.

Rockdale, Texas, Oct. 9.—Mrs. Tennie Love Carter, 79 years old, died Oct. 3, at the home of her daughter, Mrs. P. E. Luckey, after having lingered for several months, following a paralytic stroke. Mrs. Carter was a native of Columbia, Maury county, Tennessee, born September 21, 1844. She was the widow of St. Clair B. Carter who served four years in the Confederate army as a member of Company I, 15th regiment, Mississippi troops.

Mrs. Carter had lived in Milam county for the past 43 years. Mrs. Carter was a charter member of the Elizabeth Wilcox Wallis chapter, United Daughters of the Confederacy which chapter took part in the funeral services, as usual in case of the death of one of its members.

ATTENTION COLORED FARMERS

I have been eminently impressed with the amount of interest manifested in the Extension service for the farmers of Milam county this year and your willingness to accept the work and its teachings bespeaks a marked improvement in the occupation in which you are engaged. Our demonstrations have met the approval of the classes and the masses from time to time have fallen in line which have caused much enthusiasm in farming activities along all lines, this shows your appreciation for the free service offered you by the Federal, State and Local governments. Our accomplishment have been splendid thus far, with debts both old and new settled or largely so, barns swelled with grain, poultry yards enlarged, hogs maintained and milk cows are now being sought, this I highly endorse for growing children.

The Extension Service is endeavoring through the A. and M. College of Texas to assist the Agents to establish a broader reading among the farmers of the various bulletins and other helpful farm news which will be furnished the Agents upon application to be distributed among the farmers. Many articles of interest will appear from time to time in our local papers here and you will do yourself justice to have a copy of one of these papers in your home every week. A splendid article of boll weevil eradication was carried in the local papers the other week and if followed out by each farmer will go toward limiting its ravage on our cotton crops another year.

Attention is now called to a terracing campaign which I have launched for this fall and up to now have listed better than six hundred acres among some of the best farmers in the county. Mr. Banzhaf, county agent from Milam county, who is an expert with the level has guaranteed any assistance needed. Terracing is one of the best ways of building up your soil and preventing soil erosion and to neglect it where needed means a run down and deserted farm. It is highly approved by the Federal Banks and in most cases no loans are made unless farms are well terraced.

Don't fail to plant your cats for winter grazing and early feed another year. If your farms need terracing notify me at once.

A. M. SMITH,
Farm Demonstrator.

NOTICE OF CONSTABLE'S SALE OF REAL ESTATE.

By virtue of alias execution issued out of the Justice's Court of Precinct No. 1, Milam county, Texas, on the 8th day of October, 1923, on a judgment for One Hundred Sixteen (\$116.00) Dollars and the costs of suit rendered for plaintiff in said Court on 27th day of December, 1915, and against defendant in cause No. 1362, styled T. S. Henderson, plaintiff, vs. T. J. Seeley, defendant, and directed and delivered to me as constable of said Precinct, I did on the 8th day of Oct. 1923, levy upon the following described tract of land in Milam county, Texas, as the property of defendant T. J. Seeley:

One acre on the D. Monroe Original Survey one mile north of Court House, known as the Seeley Place, and begins on the West line of a 9 acre tract conveyed to John Barker by Wesley Miller and wife, a stk. 150 vrs. N. 19 E. from S. W. cor. of said 9 acre tract; thence N. 19 E. 75 vrs.; thence S. 71 E. 75 vrs; thence S. 19 W. 75 vrs; thence N. 71 W. 75 vrs. to the beginning and is the same land conveyed to Tom J. Seeley by J. N. Luce and wife by deed of record in book 117, page 121, Deed Records of Milam county, Texas; and the same will be offered for sale under said levy at the Court House door of Milam county, Texas, in the City of Cameron on the 6th day of Nov. A. D., 1923, same being the first Tuesday in said month between the hours

of 10 o'clock a. m. and 4 o'clock p. m., at public auction, to the highest bidder, for cash, and will be sold to satisfy said judgment and costs.

Witness my hand this 8th day of October, A. D., 1923.

CHAS. SENS,

Constable of Precinct No. 1, Milam County, Texas. 24-4t.

CARD OF THANKS.

We wish to thank all those who were so kind to us during the illness and death of our beloved husband and father, the late Ike Looney, and also for the beautiful floral offerings.

MRS. IKE LOONEY
AND CHILDREN.

APPLES—APPLES.

We have just unloaded part of a car of Arkansas apples for eating or cooking at Esslingers feed store. Will sell in any quantities. Come and see, S. J. Denson.

SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Menthosulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowles Menthosulphur from any good druggist and use it like cold cream.

FARM LANDS FOR SALE

SHERIFF'S OFFICE.

Saturday night Sheriff Rogers went to the Briary community and made a gambling raid, arresting four men caught in the game.

Earlier in the week the sheriff made a raid on a gambling game within a few miles of Cameron and arrested six negroes caught in a game.

These are two of a number of raids conducted by the sheriff against gamblers during the past few weeks.

REPORT OF THE GRAND JURY.

The grand jury which was convened on order of District Judge John Watson on October 4 began its session and ended during the day considering six cases and returning six felony indictments as follows:

State of Texas vs. Ed. Beard, murder. Beard is charged with the murder of Robert Caffey at Thorndale.

State of Texas vs. A. Oliphant, murder. Oliphant is charged with the killing of O. Segrest near Briary.

State of Texas vs. Pedro Castillo, possessing equipment for making intoxicating liquor.

State of Texas vs. Jose Mayans, assault to murder. This Mexican ran amuck in the passenger station at Milano last week, stabbed another Mexican and cut Constable Frank Roggan with a knife. He was shot

by I. Melvain of Cleveland, Texas, who seized the gun of the constable after it had fallen to the floor with a shell lodged in the barrel and useless. The boy removed the shell and shot the Mexican three times.

State of Texas vs. Pete Martinez, burglary.

State of Texas vs. Jim Davis, transporting liquor.

REPORT OF THE GRAND JURY.**STATE OF TEXAS**

County of Milam.

In the District Court of Milam county, Texas, September term, 1923. To the Honorable John Watson,

Judge of said Court:

The Grand Jury duly organized and empaneled for the above term of court and recalled on this the 4th day of October, 1923, for special session, beg to report that we have been in session for one day, have examined numerous witnesses, and return herewith six bills of indictment all of the grade of felony, and having completed our deliberations ask to be finally discharged.

H. L. ATKINSON, Foreman.
W. E. WHITE, Secretary.

ROBS CALOMEL OF NAUSEA AND DANGER

MEDICINAL VIRTUES RETAINED
AND IMPROVED—DANGER
OUS AND SICKENING
QUALITIES REMOVED
PERFECTED TABLET CALLED
"CALOTABS"

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean

liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original sealed packages, pure 35 cents for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs. (H)-tf

THREE NEW MECHANICS AT WHITE-HOUSE MOTOR CO.

Three new mechanics have been added to the White-House Motor Co's.

service department within the last few weeks, according to G. C. White, manager. These are all experienced men and will take care of your car trouble. Mr. Hickman, a former garage man of Jones Prairie, is now with this company and will be pleased to meet his old friends at his new location.

STOP THAT ITCHING.

CITY SOCIETY

ANNOUNCEMENT.

Mr. and Mrs. H. C. Keith announce the marriage of their daughter Mildred to Mr. David Harris Frayard, Thursday evening October 4th at seven o'clock in Galveston, Texas.

FRAYARD-KEITH.

Thursday evening at seven o'clock in the home of Mr. and Mrs. Buren Tindall 1518 Avenue G, Galveston, Texas, occurred the marriage of Miss Mildred Keith and Mr. D. H. Frayard both of Galveston.

The bride is the only daughter of Mr. and Mrs. H. C. Keith of Cameron. She was attired in a handsome suit of Poiret Twill with accessories to match and carried a bouquet of sweetheart roses. She is a beautiful cultured girl, a graduate of the Rosenberg High school and a Commercial College in Houston, Texas. She has been holding a responsible position in the general office of the Santa Fe at Galveston for the last four years.

Mr. Frayard is the oldest son of Mr. and Mrs. O. J. Frayard of Wallis, Texas, is a graduate of the Wallis High school and a Commercial College in Galveston. He holds a responsible position with the American Railway Express Company.

The bride on the arm of her father met the groom and the minister at the parlor door, they took their places in front of a parlor floor lamp that was decorated for the occasion where Rev. Ingram of the First Methodist church performed the ring ceremony that united these two young lives.

A host of relatives and friends attended the ceremony and accompanied them to the depot where they left on a Santa Fe train.

The bride and groom will resume their duties at the Santa Fe after October 15th.

They will live in Galveston.

PRESBYTERIAN AUXILIARY.

The Woman's Auxiliary of the Presbyterian church, began the study of the Book of Galatians at their meeting Monday afternoon.

They will follow an outline prepared by one of the Synodical officers and expect to derive great pleasure from the study.

RECEPTION FOR MRS. GRAYSON

Mrs. A. N. Green will entertain Friday afternoon from 4 to 6 at her home on West 17th in honor of her guest, Mrs. R. N. Grayson, of Huntsville, Alabama.

This event is pleasantly anticipated in social circles. The hostess is always charming and the honoree has many friends in Cameron, her former home.

BAPTIST AUXILIARY.

The four Circles of the Baptist Auxiliary held their meetings Monday afternoon. No. 1 met with Mrs. E. A. Flinn with seven members present and Mrs. H. M. Roark leading a Bible study.

Mrs. J. J. Andrews was hostess to Circle 2 which enjoyed a Bible study conducted by Mrs. Geo. A. Thomas. Nine members of this circle were present. A pleasant social hour followed during which, Mrs. Andrews served refreshments.

Circle 3 met with Mrs. L. L. Blaylock in business session. Mrs. Martha Shepherd was elected chairman and Mrs. Preston Graves secretary and treasurer of this group for the coming year. The hostess served punch during the social hour.

Miss Winnie Henderson led a Bible study for Circle 4 which met at the church.

NEW CABLE FOR TELEPHONE.

The Postal Telephone and Telegraph Company is installing a ten wire cable from their main line poles which run along the Santa Fe right of way to their office in Cameron located in the Traffic Exchange, two doors from the Western Union office. This will give improved service and do away with unsightly overhanging and sagging wires.

METHODIST MISSIONARY.

The Methodist Missionary Society held a short business session in the Junior room in the church basement Monday afternoon.

The Presbytery of Central Texas will meet Tuesday evening next at Blooming Grove, and the pastor expects to attend and preach the opening sermon.

H. R. McFadyen, Pastor.

PROGRAM.

The members of the Girls Literary Club met in the Yoe High last Thursday for their first formal meeting, after all business had been attended to the following program was enjoyed.

Vocal Solo—Miss Eloise Rogers.
Reading—Miss Dorothy Blaylock.
Piano Solo—Miss Kathryn Robbins.
Reading—Mr. Harper.
The Club adjourned to meet Oct. 18, 1923.

Cameron foot ball boys entertained the Caldwell foot ball boys with a party at the home of Mr. and Mrs. L. H. Posey's Friday evening. The boys invited a crowd of girls to come in and help make the evening's pleasure a success. Games were played and dancing was the version of the evening. Refreshments were served and at a late hour the crowd departed for their home, thanking the hostess for the evening's pleasure.

LITERARY CLUB ORGANIZED.

A few weeks ago an announcement in chapel, called to our attention the need of clubs in the school. Promptly, the girls of the high school, under the supervision of Miss Henderson Pitts and Vest, met to organize a literary club. The following officers were elected

Miss Marie Bryant, president.
Miss Mary Virginia Atkinson, vice president.

Miss Helen Green, secretary and treasurer.

Miss Lillie Kate Beckerman, sergeant at arms.

Miss Lucille Kemp, critic.
Miss Jean McFadyen, reporter.

WEAVER-MCKINNEY.

Announcement of the marriage of Miss Eugenia Self Weaver to Mr. William C. McKinney, both of Dallas, was received by Cameron friends this week.

Miss Weaver is the youngest daughter of Mrs. Elizabeth Weaver of Dallas. The family lived here when the bride was a small girl and she has been a frequent visitor since moving to Dallas. Mesdames Hugo Slaughter and Dan Gunn of this city are her aunts. Cameron friends extend heartiest congratulations.

STOP THAT ITCHING.

Use Blue Star Remedy for Eczema, Itch, Tetter or Cracked Hands, Ring Worms, Chapped Face, Poison Oak, Sunburns, Old Sores or Sores on Children. It relieves all forms of Sore Feet. For sale by all Druggists.

MILLINERY SCHOOL AT MILANO IS SUCCESSFUL

COUNTY AGENT GLADYS HENRY REPORTS BEST OF CO. OPERATION.

The annual millinery school for Milam county, conducted by the extension Department, directed by Mrs. Dora R. Barnes, the clothing specialist of the Extension Department, who was assisted by Miss Tempa Davis, Home Demonstration Agent of Bell county and Miss Gladys Henry, Home Demonstration Agent in Milam county on October 4 and 5 was well attended.

There were ladies from Buckhotts and Cameron as well as from Milam and its surrounding communities. At the close of the second day nine hats had been completed which is a splendid accomplishment considering the newness of the situation and the lack of material to work with.

It is hoped that this is to be only the beginning of the distribution of helpful instruction to the home-makers of Milam County through your Home Demonstration Agent who represents Extension Service in your county. It will be gratifying to those who are supporting Home Demonstration work in Milam county to know that even though they did not work in the school there were seven-

ty-five women who took time from the routines of their busy homes during the cotton picking season to come to learn how the millinery school was conducted that they might take advantage of the future demonstrations.

The Quinine That Does Not Affect The Head

GOOD FURNITURE

Some one has said that the recollection of quality remains long after the price is forgotten. This saying is very true. We all know this whether it is furniture, clothing or any other article. It is our desire to give our customers the very best for

their money. We buy in large quantities, buying in car load lots. This not only lays the goods down cheaper, but get a better class of goods and are in better shape. We want you to call and see the many new pieces we now have on display on our floor.

Car Load Iron Beds and Springs

We unloaded this week a full car load Kinney-Rome high grade beds and springs. If you want to see one of the prettiest stocks of iron beds you ever saw you should see these.

Try one of our De Luxe Springs. This is the highest grade springs made today. Buy one and try it for thirty days and if not found satisfactory your money will be returned.

Haynes Mattress

---MADE AT SEALY, TEXAS

Is made of the best middling cotton, into one solid fluffy mat that will never become bumpy. If at any time it should lump you can get another mattress or your money back. We have them in beautiful floral patterns or plain A. C. A. tick, plain or rolled edge. Try one of these mattresses and you will have no other.

Heaters Heaters

We have a full line of Coles Hot Blast wood and coal heaters, Air Tight heaters, stove pipe. Also a full line of wood cook stoves. Steel ranges, Laundry Heaters.

COLD WEATHER will be here soon. Let us put up your stove now.

WE HAVE ANYTHING FOR THE HOME.

LADY GOT SO WEAK COULD SCARCELY STAND

After Suffering From Many Female Troubles This Lady Heard of Cardui and Took It, She Says, "Until I Was Well"

"SOME TIME AGO," says Mrs. Buena McFarland, of R. F. D. 2, Bostia, N. C., "I suffered a great deal with weakness common to women. I had bearing-down pains, my sides and back hurt, and my limbs drew. I would get so weak in my knees I could scarcely stand."

"I was very nervous, and could not rest. I didn't feel like eating. I grew thin, and did not have ambition for anything."

"I had been trying other remedies . . . but did not get any better."

"Some one told us of Cardui, and it was recommended for I also

took a Ladies Birthday Almanac and read of a case something like mine. I told my husband to get it and I would try it."

"I saw a great improvement after the first bottle (of Cardui), so I kept it up until I was well. Now I am the picture of health."

Thousands of other women have written, to tell of the beneficial results obtained by taking Cardui, and to recommend it to others.

Cardui has stood the test of extensive use, for more than forty years, in the treatment of troubles common to women. Try it.

Items of Interest From Over the County

TRACK BEING RAISED AND HEAVY ROCK BAL- LAST BEING APPLIED.

A force of approximately 75 or more men are at work on the I. G. N. tracks in this vicinity raising the grade to the roadbed about four inches and placing heavy crushed rock on top of the present dump or roadbed. Big plows and scrapers are being used to cut a ditch on either side of the track which will be filled with rock and form a permanent drain for the roadbed. This ditch is close to the ends of the cross ties and in several inches deep, and when filled with rock will form a porous passage way for the water to make its escape without softening the bed of the road. This with the heavy rails recently laid will put the I. G. N. road in tip top shape. This work we are informed, will be completed to Valley Junction during the present year and extended north from there with the beginning of the new year.—Thorndale Champion.

MAN AND BOY BITTEN BY DOG WITH RABIES.

Buckholts, Milam County, Texas, Sept. 30.—Early Friday morning E. Sattler, a commercial traveler residing at Cuero was severely bitten by a small dog here. The dog was killed by Mr. Sattler and its head taken to the Pasteur Institute at Austin. It was declared the dog had a severe case of rabies.

W. H. Anderson, whose son had also been bitten by the same dog, sent his son to Austin and the boy and Mr. Sattler remained in Austin for treatment.—Thorndale Champion.

THORNDALIAN AMONG "WHOSE WHO OF WOMAN- HOOD OF TEXAS."

Miss Audrey Clark is in receipt of a letter from Mrs. Lily T. Joseph, president of the Texas Federation of Women's Clubs, stating that she (Mrs. Joseph) had just received notice from their committee that Miss Clark had been nominated for a place in the Club's "Who's Who of the Womenhood of Texas." To quote Mrs. Joseph: "You are to be congratulated on having been selected as an exponent of Texas Womenhood. This publication will not only be an honor to those appearing therein, but will be of great help in forwarding other worthy undertakings of the Federation."

This is a splendid compliment paid Miss Clark and one in which she may justly feel a great pride and her friends here, her home, rejoice with her and share with the Women's Club the pleasure of encouraging public recognition for outstanding merit.—Thorndale Champion.

ROAD DISTRICTS NOS. 26 AND 30 BUYS TRACTOR.

Road District Nos. 26 and 30, in the northwestern portion of Commissioners Precinct No. 4, have purchased a new Five-Ton Tractor and a Ten-foot grader for use on the road in these two road districts. The tractor and the grader are the property of these districts having been purchased with funds from bond sales and not tax money. Commissioner H. M. Moore says work was begun on Monday Oct. 1, in district 26 to complete some road work begun sometime ago and the job will be completed without interruption if the weather permits. This is the road leading from Bartlett to Cameron and when completed will connect up with the San Gabriel road, and with the exception of about a mile of road from

Lilae towards Davilla, a good gravel road will run from Bartlett through the county to Cameron. Funds to grade and improve the mile of "No Man's Land," spoken of, are being raised by private subscription among business men of Cameron, Rockdale and Thorndale and the people along the route near Lilae.—Thorndale Champion.

TRACTOR TURNING OVER IN- TURNING FRITZ SCHIER.

Fritz Schier, while plowing with a tractor on the Upchurch farm near Hare last Thursday lost control of the tractor while turning at a ditch and anticipating that the tractor would turn turtle, he jumped from the machine but failed to land sufficiently far enough to avoid being hit by the tractor when it turned over. The tractor broke one leg as it fell over on him. Mr. Schier was taken to the Taylor Sanitarium for treatment where, it is said, he is doing well under treatment.—Thorndale Champion.

Rockdale High School students will be interested in the window display at the Rockdale Furniture Co. Manager Coleman displays foot balls, golf clubs and other athletic equipment, under a big printed sign which says "We Are With You Rockdale Hi." The store thought so much of that sign that they put it in a frame. Jim Coleman is a Cameron boy who has graduated into a full-fledged Rockdale rooster.—Rockdale Reporter.

MEMORIAL SERVICE FOR MAN KILLED AT THORNDALE.

Fort Worth, Texas, Sept. 30.—The address at the memorial service for J. R. Caffey, killed recently at Thorndale, was delivered Sunday afternoon at Baptist Seminary, in the Rehoboth church in the Mansfield, road, about fifteen miles south of the city, by Dr. Lee R. Scarbrough, president. Ed. Beard of Thorndale is charged with shooting Caffey, who was director of the church choir and a student at the seminary. Beard was released on bond in the sum of \$10,000.—Thorndale Champion.

Special attention is directed to the quarter-page ad of the Rockdale Furniture Co., in this issue. Mr. Coleman is making a special price and special terms on a fine lot of congoletum rugs. He is playing a regular city store game, by offering these rugs at 95c down and a dollar a week. They are good rugs, too. Recently Mr. Coleman placed one of them on his front sidewalk where it remained for ten days or two weeks, sustaining the traffic of hundreds of feet, at the end of which time it was to all intents and purposes as good as new. Read the ad, then call and see these rugs. All you need is ninety-five cents to make a trade.—Rockdale Reporter.

COURT HOUSE NEWS. NEW MOTOR TAX TAXES EF- FECT ON JANUARY 1, 1924.

In the motor fee bill enacted by the last session of the Texas Legislature there are certain sections which become effective on January 1, 1924, chief among them being the application of a motor license based on weight.

The tax graduates from 40 cents to 75 cents per 100 lbs., there being four classes. Class 1 consisting of car weighing less than 2,000 pounds, the taxable rate being 40 cents per 100 pounds.

The other classes are, respectively, 2,001 to 3,500 lbs., 50c tax; 3,501 lbs., to 4,500 lbs., 60c; 4,501 lbs. and up, 75 cents.

ARMISTICE DAY FOOT BALL GAME CONTRACTS HAVE BEEN SIGNED.

The Rockdale High School "Tigers" and the Cameron High School "Yoe-men" will meet in foot ball battle on Armistice Day this year, contracts having been signed by the two coaches, Messrs. Hughes and Perkins.

According to the terms of the contract the Tigers will receive a cash guarantee of \$75, while all gross receipts over \$300 will be divided on a fifty-fifty basis. Cameron will also pay all expenses of the game, including the necessary advertising expenses of three out-of-town officials, and a new foot ball, the same to become the property of the winning team. Both coaches will submit their

eligibility lists in ten days prior to the game.

Armistice Day is Nov. 11, but falling on Sunday this year the day will be observed Monday, Nov. 12. This being a general holiday and the Rockdale-Cameron game being the one big athletic event of the county, a big crowd is assured.

The teams are said to be quite evenly matched. Both have played and won one game this season.—Rockdale Reporter.

CAT WITH RADDIES BITES THORNDALE WOMAN.

Mrs. D. M. Jackson left Thursday of last week for Austin where she entered the Pasteur Institute for treatment. She was bitten by a pet cat which at the time was not suspected of having hydrophobia but later indication pointed to the fact that the cat showed strong symptoms of the disease and she left for Austin to take treatment on the advice of the family physician and friends.—Thorndale Champion.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You
Darken Gray, Faded Hair
With Sage Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

Well-known druggists say everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

Lowest Excursion Rates on all Roads

TWENTY-EIGHT YEARS AGO

(From the files of the Herald)

Hon. H. F. Smith left for Austin last Monday to be in his place when the House was called to order Tuesday. Our representative was busy with his private affairs and regretted the necessity for a special session. He will support a law against prize fights and will vote for an emergency clause. Our senator, the Hon. A. J. McKinney, regards the matter in the same light.

At a meeting of the stockholders of the Waterworks Company last Monday morning, all the old directors were reelected with the exception of M. P. Kelly, whose place was supplied by the election of T. S. Henderson in his stead.

Free silver 16 to 1 day at the Robertson County Fair, Oct. 16, at Calvert, the Hon. Joe Bailey and J. W. Blake will defend and promote the interest of the white metal and prominent speakers have been invited from the Gold Bugs and the Populists.

Last Tuesday the sad news reached us of the death of little Mabel McGregor at the home of her sister, Mrs. Newell, in Longview, Texas. Mabel was a bright little girl and had many friends in Cameron who will miss her and mourn her untimely death.

Business is better in Cameron than before in several years, said R. H. Johnson to the Herald scribe a few days since. "The last year or two has been hard on us jewelers," he continued. "Times appeared to be hard and people refrained from buying jewelry, but a change has come and our business is lively. This shows that the cramp has gone and

that purchasers are not confining themselves to investing in the actual necessities of life."

Dr. E. N. Shaw returned from Atlanta, Ga., with his family last Friday afternoon.

Robert Tobb was hand shaking with the boys several days in Cameron this week, and says that he will be found in the middle of the road next year for the office of sheriff. Robert has many friends in the county who will zealously aid him in his efforts to reach this position of public trust.

Prof. E. A. Colbran informs us that he has enrolled in the white school 426 students and that more room is needed.

Lovic McCord left for Brownwood this week after some beehives to feed.

The Santa Fe R'y is making some valuable improvements at Cameron. The business transacted is running nearly double what it was last year and these improvements have been made necessary.

The Herald reporter was upbraided last week by Tom Sampson for failing to mention the minstrel troupe of A. J. Lewis and W. T. Hefley. The facts are that these gentlemen had failed to compliment us with a serenade and in consequence we knew nothing about the troupe.

Jerry Perkins, the hustling Yarrell-ton stockman and farmer, was in Cameron on business last Friday.

Attorney Geo. C. Clement of Rockdale has been in our city this week looking after business in the county court.

and his supporters if he refused to relinquish the speakership for the special session.

Representative W. D. McBee of Stephens county, and Dave A. Stovall of Hugo, have been mentioned for the speakership. The former is prominently identified in the attack against

Governor Walton's official conduct.

Both sides moved quietly and undemonstratively today in preparing for the climax of a bitter factional and political fight unparalleled in the history of the state. The calm that pervaded the situation over the week-end presented a sharp contrast to the tumultuous events during the last three weeks.

Despite the fact that the governor called the special session solely for an investigation into the Ku Klux Klan, the legislators decare this matter will be passed until a "general house cleaning" is made. Attention first will be directed toward the records of several state officials and legislators who have been accused of impeachable offenses, it was said.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC.

Required by the act of Congress of August 24, 1912:
Of Cameron Herald published weekly at Cameron, Texas for Oct. 1923.

STATE OF TEXAS,
County of Milam, ss:

Before me, a notary public in and for the State and county aforesaid, personally appeared J. B. White, who, having been duly sworn according to law, deposes and says that he is the manager of the Cameron Herald and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:
Publisher, J. B. White, editor and manager, Cameron, Texas.
2. That the owners are: J. B. White, W. O. Triggs, J. G. Vest, J. R. Hays, Robert McLane, J. P. Werner, R. P. Jeter, H. M. Hefley, T. S. Henderson, Jr., J. T. Parma, W. B. Skelton, Judd G. Davis, R. A. Tag, Walter F. Sharpe, Lloyd Mitchell, Lee R. Tagg and Harry W. Tag.
3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: There are none.

J. B. WHITE, Manager,

Sworn to and subscribed before me this 2 day of October, 1923.

WALTON SUPPORTERS TO GIVE SPEAKERS GAVEL

MURRAY GIBBONS NOT CANDIDATE FOR SPEAKER OF OKLAHOMA HOUSE.

Oklahoma City, Okla., Oct. 8.—Member of the lower house of the state legislature, summoned by Governor J. C. Walton to meet in extraordinary session Thursday, will hold a caucus Wednesday evening to perfect an organization with a view toward launching an investigation of impeachment charges against the governor immediately the assembly is called to order.

Coincident with this announcement from temporary legislative headquarters here tonight, Murray Gibbons, speaker of the house of the last legislature, issued a statement declaring he would not be a candidate for the speakership because of his "intimate connections" with Governor Walton's administration.

Gibbons, a strong adherent of the governor heretofore had been considered a possible stumbling block in any legislative move to consider the executive's official acts. Plans already had been perfected by leaders in the impeachment movement, it was understood, forcibly to remove him

THE PAST AND THE PRESENT

In the Past our ancestors were content to use the candle with its dim, flickering rays.

In the Present (Today) we are privileged to use the steady, brilliant Electric light—the product of Science.

In the Past thousands of people went thru life suffering from ailments that seemed to be incurable.

In the Present (Today) thousands of people are finding out that these same ailments yield readily to CHIROPRACTIC—the modern scientific method of removing the cause of Dis-ease.

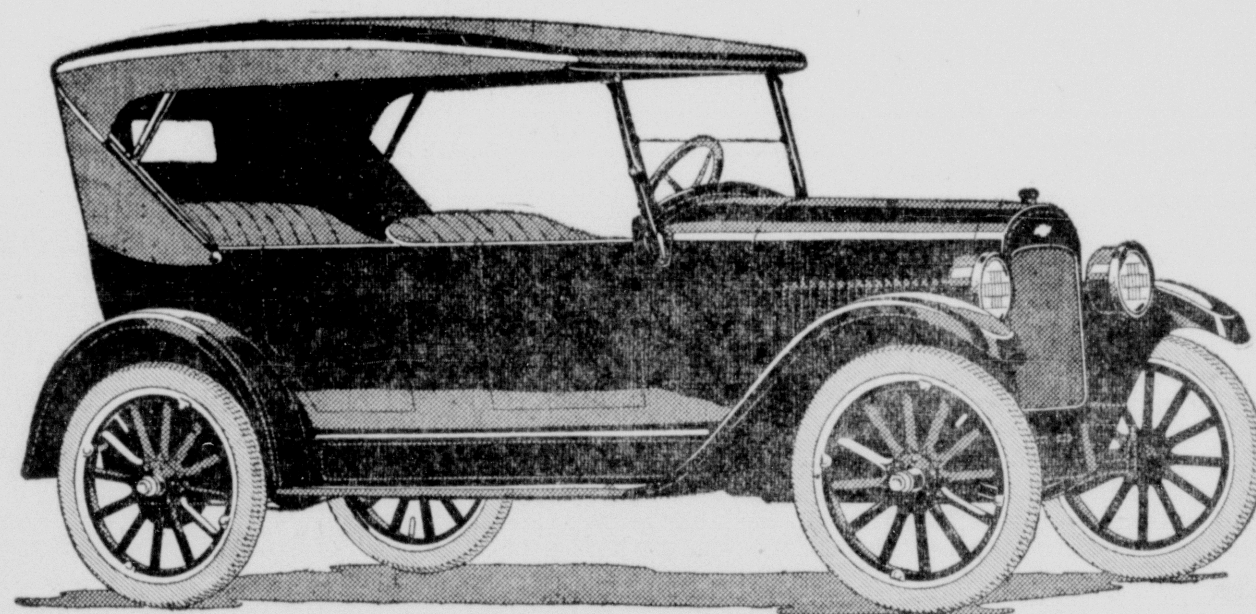

In the past, the idea, a mistaken one, was to try and cure the effect without making any effort to find the CAUSE.

In the Present (Today) the SCIENCE OF CHIROPRACTIC strikes right at the root of the matter, adjusts the cause and Nature, the Great Healer, is given the opportunity to make the cure. Nature never fails in this task.

If anything goes wrong with the Electric Light system of your town the TROUBLE MAN employed by the company is immediately sent for. He locates the cause of the trouble and adjusts it. The Chiropractor is your Health TROUBLE MAN. If you are ailing send for him. He, too, will locate the cause of your trouble and at once adjust it.

A. B. GUINN

CHIROPRACTOR.

"The good dealer receives only a car from the manufacturer, but he delivers automotive transportation to the car owner."

Not alone to sell cars, but to deliver in this particular market the essentials of car serviceability, is our conception of the business of automobile merchandising.

That is why our salesroom is the smallest part of our establishment.

White-House Motor Co.

Pennsylvania Vacuum Cup Tire, Tubes, Yale Storage Batteries.
CHEVROLET DEALERS.
Cameron, Texas.

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Small size 50 cents bottle, Large size \$1.00
JAMES F. BALLARD, Prop. ST. LOUIS, MO.

GOOD ROADS COMMITTEE REPORTS FOR THE YEAR

COMMERCIAL CLUB HEARS OF ACTIVITY OF COMMITTEE DURING THE YEAR.

At the annual meeting of the Commercial Club the committee on good roads reported as follows:

Hon. T. S. Henderson spoke favorably of the paving program and said that he was sure the people of Cameron would be disposed to back any program that the council undertakes.

O. M. Smith, member of the council, spoke briefly with reference to the paving program also.

GOOD ROADS REPORT.

We, the Good Roads Committee, beg to report as follows:

This committee assisted by other members of the Club, solicited funds from the citizens and business men of Cameron with which to construct the road from Silver City to Boeker's corner on the Jones Prairie road. Approximately \$3,000 was collected for the construction of this road which was a total of two and one-half miles.

With the able assistance of Mr. N. H. Butts, commissioner of the Cameron precinct and Mr. Henry Reeves, commissioner precinct No. 1, and the practice or rigid economy in every way possible, it was ascertained by this committee to be in a position to construct the above road and have a balance to the credit of the fund of \$500.

The Good Roads Committee was authorized by this Club to solicit funds from the people in the vicinity of the road from Boeker's corner to Volesang corner and the Clarkson citizens and if an amount sufficient was collected along with the \$500 left from the Silver City-Boeker corner road to then construct the road from Boeker's corner to Volesang corner. The citizens in the two localities responded liberally on this road and we are glad to report this three-fourths of a mile has been completed.

The construction of the 3 1-3 miles from Silver City to Volesang corner was constructed at an approximate cost of \$3500. The members of the Cameron Commercial Club and the citizens of Cameron generally were glad of the opportunity to contribute on the two mentioned roads, especially the road from Silver City to Boeker's corner, as the construction of this stretch of road has redeemed a pledge made to the Jones Prairie people when their road was constructed several years ago.

DAVILLA AND VAL VERDE BONDS.

During the last six months the Davilla and Val Verde road bond issues have been sold. The Davilla was in the sum of \$25,000 and Val Verde in the sum of \$33,000. Three thousand of the Davilla bonds has previously been cancelled and some grading work done, but \$22,000 of the bonds have recently been sold to Cameron Road District No. 2, Sinking Fund, for par and accrued interest.

A contract has been let to G. W. Conn of near Davilla for the construction of the road from the end of the Lilac District to Davilla. However, there is three-fourths of a mile of this road—half of which is in the Davilla District and half in the Lilac District. The Lilac District is without funds and will not be in a position to finance their portion of the cost of the construction of this road. The Club has instructed this committee to secure an estimate of the cost of building this three-eighths of a mile of road which has been done and we feel the citizens and business men will contribute liberally to finance this project when submitted to them.

The Val Verde issue was sold to a bond concern in Dallas for \$97.30 and accrued interest. This left a deficiency of 2 1-10 per cent, which was readily paid in equal amounts by the Citizens National Bank, First National Bank and Cameron State Bank of Cameron. A contract has been let to Harrell & Hyde for the construction of the road from Rogers to "Wire Bridge."

Since the last semi-annual meeting final completion has been made of the roads from McCown's bridge to Hanover; Hanover to Milano and the Milano Highway has been completed except the over and under pass at Milano and the road through the town of Milano. Plans have been perfected to maintain the road from McCown's bridge to Hanover; Hanover to Milano, and Milano Highway. After January 1st, 1924, the Milano Highway will be one of the roads to be maintained at the expense of the State and Federal Governments. While the committee has not been called on to do any special work on the roads above mentioned, yet we

feel the Cameron people have a working interest in these roads, as Cameron citizens and business men contributed about \$11,000 in making up the deficiency so the bonds could be sold for par and accrued interest.

There is a bad stretch of road on the Clarkson road just this side of Little Pond Creek—being a total of 600 feet. The water during overflows has washed the gravel off and it is intention of this committee to solicit funds and replace the gravel, which will be an approximate cost of \$300.

This committee has been urged to recommend the graveling of the road from Minerva out toward "Cattail" in the Minerva oil district, and we beg to report that it will be taken up in due time.

ROAD BOND ISSUE OF \$100,000.

Last but not least is the voting of \$100,000 in good road bonds in Cameron Road District No. 2 on last Tuesday, September 25th, 1923.

The vote was a total of 474 for the issuance of the bonds and 86 votes against. As a result of the voting of this bond issue it will mean the construction of a good road from Ad Hall to Cameron; high type road through the City of Cameron, hard surfaced road in Little River bottom with concrete viaducts; new two-way concrete bridge across Little River, rebuilding of the road from Little River to Minerva and \$5,000 to be allotted the Waco Crossing road. In all it means an expenditure of one quarter of a million dollars from Ad Hall through Cameron, new bridge road rebuilt from Little River to Mi-

nerva and \$5,000 allotted on Waco Crossing road. This was made possible by the allotment of \$145,000 by the State and Federal Governments.

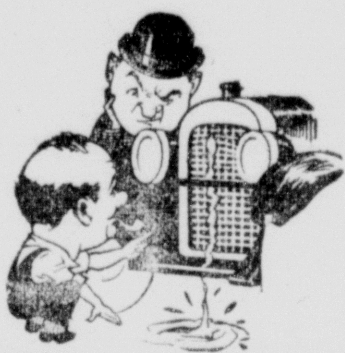

The Cameron Commercial Club sponsored the movement for this \$100,000 bond issue.

It might be of interest to the Club to know that on the morning of the 28th, the day after voting the \$100,000 bond issue, Mr. A. F. Mitchell, County Engineer, received a letter calling his attention to the fact the bond issue had not been voted and the project agreement was being held up pending advice that Milam county had funds to finance the proposition; also they would require that actual construction would have to be under way on this project by July 1st, 1924. Mr. Mitchell very readily advised the Highway Commission we had complied with the securing of finances on September 25th and the requirement as to actual construction would be complied with.

We also beg to call attention to the Club to a letter received by the county officials recently from the Highway Commission. We attach same to our report for your consideration and enlightenment.

This committee desires to extend our thanks to the Cameron laides for the interest manifested by them for this bond issue. We are very grateful to them for responding so readily and cheerfully.

In addition to the several who assisted in the this bond issue, we are under obligations especially to Messrs. John Mangum, J. L. Barmore, A. F. Mitchell, J. B. White and S. A. Cottle for their service on the day of the election.

And that's the best compliment a customer can pay to a service that fixed his car. Many are the customers who tell us that very thing. They are satisfied because the work is done right and they are charged the right price.

Cameron Battery Service Station

Jack Owings, Proprietor. Cameron, Texas.

In designing four wheel brakes upon its wonderful new four cylinder models, Buick provides a four cylinder motor car unequalled for sturdiness, power, beauty, comfort and safety. The widespread demand that met their introduction evidences how fully these models answer the need for a small car of proved dependability and performance.

All Buick 1924 six cylinder cars likewise have four wheel brakes.

"When Better Cars are Built Buick will Build Them."

Schiller Buick Co.

Cameron, Texas.

County Judge Kemp and the various commissioners and County Engineer A. F. Mitchell have co-operated with this committee when the request was made.

Respectfully submitted,
GILES L. AVRIETT,

Chairman.

TWO CAR LOADS OF NEW CHEVROLET AUTOMOBILES RECEIVED BY DEALERS.

The White-House Motor Company has this week received and unloaded two car loads of Chevrolet automobiles, part of which was sold on arrival.

Among the shipment is every model with the exception of the Truck. The

company has one coupe and one sedan and the remainder touring cars and roadsters.

The company reports the sale of 22 automobiles in the county since the first of September.

The Man Who Saves You Money

NEW DODGE CAR IS EASY RIDING, SAY NEW MODEL OWNERS.

It doesn't take an owner long to detect the remarkable riding qualities of the new Dodge Brothers motor cars, according to A. L. Decker, local Dodge Brothers dealer.

The cars have been tried out now by owners over every kind of going and the riding comfort has been demonstrated thoroughly. It is felt in both the front and rear seats, regardless of position or road conditions. There is no question the feeling of unusual comfort and the definite impression of stability and solidity which contribute so materially to satisfaction in driving.

The splendid riding comfort of the new Dodge Brothers cars is due largely to the type of rear spring suspension employed. The rear springs, which are extremely long, are unslung. Also, the fact that the body has been lengthened and lowered tends to make the car cling more firmly to the road.

The new car is, in every sense, a remarkably easy riding car.

AN ORDINANCE.

AN ORDINANCE regulating the care, production and sale of milk; providing a penalty and declaring an emergency, and repealing all ordinances or parts of ordinances in conflict herewith:

Be it enacted by the City Council of the City of Cameron:

Section 1. No person shall engage in the sale of milk or cream in the City of Cameron, Texas; ship the same into the City for sale, or supply to anyone for use in the City unless he shall obtain a permit from the board of health so to do. A fee of fifty cents (50c) shall be charged for each permit. Permits shall be renewed every six months. On or before the first day of September, and the first day of March of each year hereafter, permits shall be issued by the sanitary officer for the ensuing half-year to all applicants who comply with the provisions of these rules and regulations regulating the sale of milk or cream in the City of Cameron, Texas, but before the issuance of any permit every vendor or shipper of milk or cream shall make application therefor, upon a printed form provided by the board for the purpose, on which shall be stated:

(a) The name, residence, postoffice address and location of the business or places of the applicant.

(b) The number of cows from which milk is obtained for sale, and the kind of food which the cows are given.

(c) If the applicant buys part or all of his milk supply, the names and addresses of all persons from whom he obtains milk or cream.

(d) If the applicant be a shipper of milk or cream into the City, he shall, in addition to the above, state the route of his shipments.

(e) If any person or corporation licensed under the provisions of the ordinance shall change the location of his or its place of business a written notice of such change shall be given forthwith to the board of health, and no business shall be conducted or carried on, under such license at such new location until such notice shall be given as herein provided. Provided, that this ordinance shall not be construed as requiring a license for the keeping of one cow and selling of part of the milk thereof, at the same time, by the members of the same family. Two or more cows shall constitute a dairy within the meaning of this ordinance.

If any person engaged in the sale of milk or cream after the said first day of September or March in any year, he shall forthwith make application for a permit for the remainder of the half year, complying with the above regulations.

The Sanitary officer shall not issue any permit unless he is satisfied with the cleanly and sanitary condition of the stables, cows, wagons, store or place of business of the applicant therefor, and with all the utensils used by him from which his milk or cream is obtained; and that the food given the cows is pure and wholesome, and that all persons engaged in the care and handling of the milk are free from any contagious diseases, and said persons use due cleanliness in their work.

All applications for permits shall be signed by the applicant. The permit fee shall accompany the application.

If, after issuing a permit to sell milk or cream, the board of health officer shall become satisfied that the provisions of this subdivision of the ordinance are being violated, they shall, at once, revoke the permit issued to such person or persons, and no new permit shall be issued until all unsanitary conditions have been rectified, and all other provisions of this subdivision of the ordinance are complied with.

Sec. 2. No person shall offer for sale any milk that is impure, filthy, adulterated or unwholesome, as herein provided.

Sec. 3. No person shall bring into the City for sale or shall sell or offer for sale any milk:

(a) Containing more than 88 per cent of water or fluids.

(b) Containing less than 12 per cent of milk solids.

(c) Containing less than 3.25 per cent of milk fats.

(d) From which any part of the cream has been removed.

(e) Having a specific gravity of less than 1.029.

(f) Containing any dirt, foreign matter or sediments.

(g) Containing any baric or salicylic acid, formaldehyde, hydro-

gen, peroxide or other foreign chemicals.

(h) Containing any pathogenic bacteria.

(i) Containing bacteria of any kind, more than 50,000 per cubic centimeter.

(j) Drawn from any cow having a communicable disease, or showing clinical symptoms of tuberculosis, or from a herd which contains any diseased cattle or are affected with or exposed to any communicable disease.

(k) Drawn from any cow which has been fed on garbage, refuse, swill, moist or other improper food.

(l) Which has been kept under conditions contrary to the provisions of this ordinance.

(m) No milk shall be kept, sold, offered for sale, or drawn from cows suffering with sore and inflamed udders and teats, or from diseased cows.

(n) Drawn from any cow within fifteen days before, or nine days after parturition.

(o) No milk in partially filled bottles shall be sold or offered for sale, and no bottles shall be filled, capped, or re-capped outside of the dairy building, regularly used for this purpose.

(p) No milk shall be sold in the City of Cameron, Texas, from a dairy which does not score 50 or over, according to B. A. I. score card.

(q) The minimum composition of milk shall be as follows:

Solids (not fat) 8.5 per cent.
Milk fat, 3.25 per cent.

Skim milk to contain 9.20 per cent, total solids.

(r) Any milk dealer found guilty of selling or offering for sale adulterated or impure milk shall, after second offense, be refused license to sell milk in the City of Cameron, Texas.

(s) The term "filthy" shall be deemed to apply to milk not securely protected from flies, dust and dirt, and as far as may be necessary by all reasonable means from foreign or injurious contaminations. Provided, that subdivisions A, B, C, and D, shall not apply to milk sold under the title of "skimmed milk."

Sec. 4. The milkers must thoroughly wash and wipe their hands and the cows udder before they begin milking. Their outer garments must be clean and a washable material. They must not use pails, cans, strainers, etc unless they have been thoroughly washed in hot water, and soap, or hot water and soda and afterward sterilized with boiling water or steam. Care must be taken that the seams of the vessels are thoroughly cleansed with a brush. They must refrain from milking or handling milk in any way when in themselves or their families there is even suspicion of any contagious or infectious disease, such as small-pox, scarlet fever, diphtheria, typhoid fever, tuberculosis or the like, and all employees are subject to physical examination at any time.

Sec. 5. Immediately after milking, the milk shall be removed from the stable into a milk room screened from flies and other insects, aerated and cooled to at least 50 degrees temperature, and put into perfectly clean bottles or cans.

The milk house or milk room must, at all times, be kept in a clean and sanitary condition. Dairymen, who use both bottles and cans in delivering milk shall not fill bottles while on their route. All milk and cream sold in the City shall be delivered with a temperature not to exceed 60 degrees Fahrenheit.

Any person, firm or corporation licensed under the provisions of this ordinance shall not use, or cause, or permit to be used any can, bottle or other receptacle, which has upon it the name or label of any other person, firm or corporation licensed under the provisions of this ordinance.

Sec. 6. Each dairy shall be provided with a properly constructed milk house, provided with a wire screen for doors and windows, and ample arrangements for heating water, and it shall not be used for any purpose other than handling milk products; said house shall have a properly constructed sink, in which bottles, cans and other utensils, used in handling milk may be washed, and shall be provided with a drain pipe, carrying all waste water at least 100 feet from the milk house, water supply and barn. Said milk house shall be at least 50 feet from any cow stall or stable.

Sec. 7. The stable shall be so constructed that the cows have plenty of air space and light and should be painted in some light color or white washed twice a year. The stables must be kept free from dirt, dust, cob-webs, and odor, and the ceiling must be dust tight.

Sec. 8. All cans or bottles used in the distribution of milk must be thoroughly cleaned, either by hot water and soap, or hot water and soda, or other alkalies, rinsed and sterilized by boiling water or steam before they are again used as receptacles for milk; extreme care must be exercised in cleaning the faucets to cans by use of a brush. No person shall use a milk bottle for other than milk purposes.

Sec. 9. Should scarlet fever, small-pox, diphtheria, typhoid fever, tuberculosis or other dangerous or infectious diseases occur in the family of any dairymen or among any of his employees, or in any house in which milk is kept for sale, or in the family or among the employees of any person who ships milk into the City for sale, such dairymen, such vendors or shippers of milk shall immediately notify the health officer, who shall at once investigate and order the sale of such milk stopped or sold under such regulations as he thinks proper.

Sec. 10. The board must require a certificate from a licensed veterinarian, showing the cows furnishing milk brought for sale within its jurisdiction are free from tuberculosis or other dangerous diseases. Each animal in the herd must be tested once each year for tuberculosis, unless one or more reactions are found; then such animal shall be tested every six months until two complete tests are made and no reactions are found. Each animal shall have an ear tag showing date of test and result thereof.

Sec. 11. The milk or dairy inspector, the health officer, or any other person authorized by the board of health may examine all dairy herds, utensils for handling milk of all dairymen, or other persons engaged in selling or shipping for sale milk or cream to the City of Cameron, Texas. These inspectors or health officers shall have power to open any can, vessel, or package containing milk or cream, whether sealed or otherwise, or whether in transit or otherwise, and take samples of the milk or cream for testing or analysis; and, if upon inspection, the milk or cream is found to be filthy, or cans or other containers are in an unclean condition, the said inspector or health officer may then and there condemn the milk or cream as deemed by him filthy, under the provisions of this ordinance, and pour the contents of such bottles, vessels or packages upon the ground forthwith, and he shall, if done in good faith, not be held liable in damages therefor, in any suit or demand made thereupon.

Sec. 12. Milk shall be kept at a temperature below fifty degrees Fahrenheit. No milk or any of its products, except butter, shall be handled, stored, or sold from any building used as a residence. All surfaces, floors, walls, and ceilings shall, at all times, be kept clean. Windows and doors shall be screened for the prevention of flies and dirt.

Refrigerators and ice boxes shall have their surface lined with porcelain or metal substance. No other food products shall be stored in refrigerators or ice boxes with milk products. Utensils must be clean, free from rust and rough substances, and must be sterilized in inner and outer surfaces by exposure to a temperature of not less than 212 degrees Fahrenheit before receiving milk.

Sec. 13. All ordinances and parts of ordinances in conflict with this ordinance are hereby repealed.

Sec. 14. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and shall, upon conviction thereof, be fined not less than One (\$1.00) Dollar, nor more than Fifty (\$50.00) Dollars, and each day's offense shall constitute a separate offense.

Sec. 15. The fact that there is no adequate ordinance regulating the care, production and sale of milk create, an emergency and an imperative public necessity that the rule requiring ordinances to be read on three several days be and the same is hereby suspended, and that this ordinance take effect from and after its passage and it is so ordained.

J. B. WHITE,
Mayor of the City of Cameron,
THE STATE OF TEXAS,
County of Milam.

I, R. D. Brown, Secretary of the City of Cameron, do hereby certify that the above and foregoing is a true and correct copy of the above styled ordinance and the proceedings relating to its adoption and approval as the same appear of record in the Minutes of Book of Ordinances of the City of Cameron.

Given under my hand and seal of office this 3rd day of October, A. D. 1923.

R. D. BROWN,
Secretary of the City of Cameron.

WE CARRY IN STOCK—

Excello Weed and Timber Killer

KILLS ALL TREES, SPROUTS AND NOXIOUS PLANTS

It is a concentrated chemical in liquid form, for clearing the farm of all wild onions, garlic, wild rhubarb, Canadian thistle, morning glory, vines, Johnson and Bermuda grass and other noxious weeds. The Excello Timber and Weed Killer is unequalled and excels any imitation on the market. It is a salvation to the farmer whose land is infested with these pests of vegetation.

In permanently destroying dandelion, platan and other pest plants on lawns, caution should be used in applying Excello Timber and Weed Killer, so as not to kill lawn grasses surrounding them. It only requires a few drops applied directly to the center of these plants. We manufacture a specially designed sprayer or dropper, that we recommend to be used in exterminating such plants that affords a protection to the lawn grasses.

Driveways in parks and in cemeteries are kept clean of weeds by spraying with an ordinary sprayer or sprinkler. Weeds on vacant lots can be quickly and economically destroyed by spraying, and is far cheaper and more efficient than mowing.

One application of this liquid is sufficient for the season. Directions on the container.

WEEK'S AUTO SENSATION IS CUT IN FORD PRICES

SHORTAGE OF CLOSED BODIES HAMPER DELIVERY IN MANY INSTANCES.

By ROY C. HAYNES,
Universal Service Special Correspondent.

Detroit, Mich., Oct. 6.—While closed car shows are engaging the attention of the motoring public in the larger cities, motor plants are making preparations to handle an increasing demand which should result from the formal display of the latest "all-season types." As was stated in this column last week, producers are finding it advantageous to store cars now that they may be better able to cope with the holiday demand. Those manufacturers who brought out new types of cars in the last 10 weeks are reaping an unheard-of harvest in sales. The only limiting factor with these companies, and they number about 15, is the closed body situation. Inability of body makers to turn out closed bodies in adequate quantities is hampering deliveries and encouraging cancellations.

The industry had anticipated a great demand for closed cars, but estimates and preparations have fallen far short of meeting present requirements. Deliveries on closed jobs are being delayed as a result.

Dealers are beginning to feel the pinch of the used-car situation more than ever. Some of the dealers marketing the more popular cars are giving preference to the buyer who handles the sale of his old car and buys his new car on a "clear deal."

With the advent of the new Oldsmobile six last week, General Motors has put itself in a most enviable position. The corporation has reduced competition to a minimum with its organization and now has an excellent grading of cars and prices.

Buick continues to enjoy phenomenal success. A factor in the executive offices told me Wednesday that September was the greatest month in the long history of the company. All production marks were smashed with an output of 19,651 cars. This is 149 greater than last May, which was the best previous month. All daily marks, too, when by the boards on September 26, when 1,1018 cars were made.

Oakland, too, finds itself in very much the same position as Buick. "Response to offering of our new models has exceeded our fondest hopes," H. M. Mangum, president, stated recently. "We will produce 20,000 cars between now and December 31, and indications are that our previously arranged schedule of 75,000 cars for the 12 months ending August 1, 1924, will have to be increased by several thousand cars."

Daily Chevrolet production is beyond the 2,200 a day mark, according to Colin Campbell, vice president and general manager. Additions to the Buffalo and Cincinnati plants and the speeding of production at other plants has made the increased output possible. The company is now employing nearly 23,000 people.

Reports that Gray would follow Chevrolet with a price change were denied by Frank L. Klingensmith, president of the company.

Ford put an end to persistent reports about a price cut when a reduction ranging from \$3 to \$40 was announced Monday. No change was made in the Lincoln prices. Production continues high. Output for the

week ended Tuesday night was 41,285 cars and trucks. Lincoln grist for the prod was somewhat lower than usual, totaling 168 cars. Now that the mammoth addition to the Lincoln plant has been completed, it is expected that Lincoln production will be stepped up. The new building adds a total of 1,552 feet to the length of the original factory and adds 311,000 square feet to the floor space.

September was the best month in the history for Maxwell-Chalmers, with a total output of more than 8,000 cars. Hupp plans to make a total of 13,000 cars in October, November and December. The outlook for the Nash Company is excellent, according to C. W. Nash, president.

DETAILS OF WRECK AT BUCKHOLTS ARE GIVEN BY FRIEND.

Temple Telegram.

Thomas V. Adams, attorney at Buckholts, yesterday directed the attention of the Telegram to several errors made in the news item published from Buckholts Friday morning relating to the fatal automobile accident near there.

A letter from Mr. Adams was as follows:

"Your report in today's Telegram, of the accident near Buckholts which resulted in the death of Zorus B. Criswell and injury of Condra Slone, being inaccurate in several particulars, the courtesy will be appreciated if you will make correction.

"Your report states that Mr. Criswell and his companions were returning from a dance at Rogers when accident occurred. The fact is Mr. Criswell left Buckholts late Wednesday afternoon for Temple to transact some business relative to hauling freight, being engaged in that business. Condra Slone and J. F. Barron went with him as companions on the trip. Mr. Criswell's business in Temple being quickly disposed of, the three started back to Buckholts, and the accident occurred as they were nearing Buckholts, about 9 o'clock p. m. Slone managed to crawl from under the car but was too badly injured to be of assistance in lifting it off Zorus Criswell. Barron was unable to raise it by himself, and went to neighboring home of Louis Larza for assistance. Larza phoned the fact of the accident to Buckholts and set out in his car to pick up some help. Shortly thereafter T. F. Cris-

well, brother of deceased, Louis Rasaka and Alfred Walschak arrived on the scene and lifted the car off Zorus. By this time Larza and others had arrived and the body was then brought to Buckholts and it was not until some time thereafter that the members of the orchestra who had been to Rogers returned to Buckholts.

"Yours very truly,
"THOS. V. ADAMS."

NO REST—NO PEACE.

There's no peace and little rest for the one who suffers from a bad back, and distressing urinary disorders. Cameron people recommend Doan's Kidney Pills. Ask your neighbor. Be guided by their experience.

A. S. Moseley, Travis St., Cameron, says: "My kidneys were irregular in action and the trouble was gradually becoming worse. I commenced using Doan's Kidney Pills and before long, my back stopped aching and my rest at night was undis-

turbed. I couldn't expect any more pleasing results than I had from Doan's."

Seven Years Later, Mr. Moseley said: "I always recommend Doan's Kidney Pills to anyone I hear complaining of kidney trouble. I use them occasionally as a tonic and they keep my kidneys in good order."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Moseley had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (H)

Salts Fine for Aching Kidneys

Eating too much meat may clog the Kidneys, then the Back hurts.

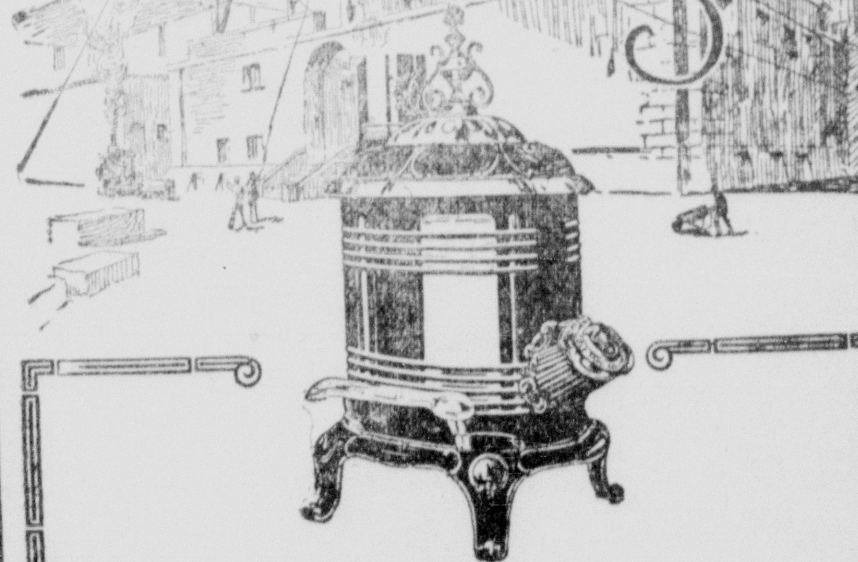

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have headache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness, and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also helps neutralize the acids in the urine so it no longer irritates, thus helping to relieve bladder disorders.

Jad Salts is harmless, inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to help keep their kidneys clean.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in trying to correct kidney trouble while it is only trouble.

A Solid Foundation For Fuel Saving

Cole's Original Air-Tight Wood Heaters

are the foundation of more than twenty years of remarkable and satisfactory fuel saving and stove building. It was Coles who originated the name "airtight." The service and reputation of these stoves are as solid as the foundation of a skyscraper. A million homes pronounce Cole's original Air-Tight Wood heaters the foundation of their great fuel economy and positive fuel saving.

The foundation of even steady heat. The foundation of a strictly air-tight stove. The foundation of durability.

No imitation stove can approach the fuel saving, safety, convenience, durability, artistry, and the quality value of Cole's original air-tight.

Place your stove needs on a firm foundation by purchasing one of these remarkable heaters. Beware of poor imitations, be sure you get Cole's. Buy today and help save fuel.

DRIVE IS ON FOR BETTER HIGH SCHOOL LIBRARY

DONATIONS OF BOOKS AND MONEY ASKED TO IMPROVE SCHOOL FACILITIES.

A move for improving the library facilities of both Yoe High school and the Grammar school is being sponsored by the School Board, the Parent Teachers' Association, and the Cameron Teachers Club. With the heavy enrollment in both schools the libraries are unable to supply the demand on the part of the students for good literature.

The fact that Cameron has no public library makes the improvement of the school libraries all the more imperative.

At a recent meeting of the Board it was decided that a library fee of seventy five cents should be assessed against each student in the High school, the proceeds to be used for purchasing additional books for the library. This assessment will result in a real economy as students will be saved the purchase price of many books by being given free access to these books in the library.

A campaign for securing donations of books and money has been authorized by the School Board and has been given the sanction of the Parent Teachers Association. In this drive for securing gifts of books the old adage that "Beggars should not be choosers" will have to set aside, as only books which meet the approval of the committee can be accepted. As the list of approved books is too long for publication, friends of the school are requested to submit a list of the books which they wish to donate to any member of the following committee: Miss Jolly Blanche Pitts, Miss Virginia Vest, Miss Susanna Jackson, Mrs. Katherine Robbins, Miss Annie Woolley. In general, the works of standard authors will be acceptable. The High school library needs immediately several copies of the following books: David Copperfield, Lorna Doone, Oliver Twist, Kim, Captains Courageous, Christmas Carol, Lamb's Tales from Shakespeare. Gifts of money in large or small amounts will be thankfully received, but personal solicitations will not be made.

TERRELL ESTIMATES TEXAS COTTON CROP AT 3,725,000 BALES.

George B. Terrell, Commissioner of Agriculture, gave out the following statement today concerning the cotton crop:

"Report received from correspondents, representing nearly 200 cotton growing counties, show slight improvement in condition of the cotton crop in Northwest Texas, but no improvement in the main cotton belt. The average condition is 54 per cent against 53 per cent September 1st. The estimated yield for the State is 3,725,000 bales against 3,500,000 September 1st. It will require 3.75 acres to make a bale, or 134 pounds of lint cotton per acre.

"The United States Government report published on October 2nd, estimates the Texas crop at 4,168,000 bales, and the total crop of the South as 11,015,000 bales.

"In my judgment, the U. S. Government estimate is too high for Texas, as the crop will not reach four million bales, and the total crop of the South will not reach eleven million bales. This is one million bales below the world's consumption of American cotton. There is nothing in the Government report to cause a break in the cotton market of nearly ten dollars per bale. The market will react in due course of time, and the price will advance, and no one should be alarmed or sell cotton on a declining market.

"The Government ginning report shows 2,185,219 bales ginned in Texas up to September 25th. Our report shows that 63 per cent of the cotton is picked; so the State cannot make four million bales.

"I stated in the summer of 1922 that cotton would reach 30 cents, and it went to 31 cents. I stated in August this year that cotton would reach 30 cents, and it has already reached that price in New York.

"This crop should bring 30 cents to give the farmer a reasonable profit as it has cost 24 cents to produce the crop. It will bring that price yet if the crop is sold gradually."

PLOW UNDER STALKS BEFORE FROST TO KILL BOLL WEEVIL PEST.

Geo. B. Terrell, Commissioner of Agriculture, recommends plowing under green stalks as the most effective method of combating the cotton boll weevil. His statement follows:

"There are many machines and various kinds of poison schemes recommended to catch or kill the boll weevil by scientists, experts, and near experts, and it failed to take. Some of them are beneficial in lessening the depredations of the weevil, not one of them have solved the problem of effective control or eradication.

"The best and most effective method to lessen the number of boll weevils is to plow under green cotton stalks as soon as cotton is picked.

This is simple common sense. There are millions of weevils on the green cotton in the fall and other millions of young larvae in the bolls, which hatch out if the green cotton stalks are left in the field, and these weevils all go into hibernation when cold weather comes, and all that live through the winter are ready for the young cotton the next spring.

"If the stalks are plowed under before frost, these millions of weevils will die of starvation before going into hibernation, and there will not be so many weevils the next spring, and a better cotton crop can be made. The stalks can easily be plowed with a disc break plow or a two horse Oliver Chilled plow, or steel plow. The green stalks will put humus in the soil and make the land better and easier to cultivate next year. Wherever the cotton is picked early, the stalks should be plowed under. It is the best method of fighting the weevil, and will benefit the land if it does not kill the weevils. I do not like to advise, but this advice does not cost anything as the land must be plowed before the crop is made."

THE STATE OF TEXAS.

To the Sheriff or any Constable of Milam County—GREETING:

You are hereby commanded to summon Louis Alexander by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Milam County, to be holden at the

courthouse thereof in Cameron, on the 12th day of November, 1923, the same being the Second Monday in November, 1923, then and there to answer a petition filed in said court on the 16th day of December, 1919, in a suit, numbered on the docket of said court No. 8098, wherein Winnie Alexander is plaintiff and Louis Alexander is defendant said petition alleging: Suit for divorce on the statutory ground of three years abandonment, and for custody of their six children, Nora, Lillis, Sherman, Vernell, Duell and Fannie Belle Alexander, and for costs of

suit and general relief.

Herein fail not, but have before said court on the said first day of the next term thereof, with your return thereon, showing how you have executed the same.

Witness, Penn Wolf, Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court, in Cameron, this the 8th day of October, A. D. 1923.

PENN WOLF, Clerk of the District Court, Milam County, Texas.

THE UNIVERSAL CAR

New Touring Car

Looking at the new touring car from the side, you are at once favorably impressed with the effect of longer, more graceful lines secured by enlarging the cowl and raising the radiator

Slanting windshield and one-man top lend material aid in giving the entire car a lower, more stylish appearance.

An apron connecting the radiator with the fender skirts is also a decided improvement.

A comfort feature much appreciated by owners, is the additional leg room provided by the enlargement of the cowl.

Allow us to show you the entire line of new Ford cars now on display in our show room.

These cars can be obtained through the Ford Weekly Purchase Plan.

CLUB OFFICERS NAMED FOR TOWN AT BANQUET

PAYING PROGRAM LAUDED BY CLUB MEMBERS AT ANNUAL MEETING.

The annual banquet of the Cameron Commercial Club was held Friday night, Oct. 5th, in the basement of the Methodist church and was served by the ladies of the church. The menu was excellent and appealing to the most fastidious and left nothing to be desired by those whose good fortune it was to be there.

President Lawrence designated Paul Webb to act as toastmaster and an impromptu but none-the-less enjoyable program was carried out.

Mrs. Alex Triggs sang two solos to the delight and thorough enjoyment of the banqueters, accompanied on the piano by Mrs. Ira Key.

Mayor J. B. White spoke somewhat at length and in a convincing manner on the subject of the proposed paving program of the city, outlining in a very clear way the several methods by which the city could proceed. He suggested the utter impracticability of proceeding according to the original idea, viz., by voluntary petition of property owners, because of the inability to get the out of town property owners in the business district to sign the petitions and agree to assume liability for their part of the cost. Therefore, in view of the great and imperative need of paving due to the apparent impossibility of keeping up our gravel streets in a shape befitting a town of Cameron's size and importance, the Mayor emphasized the wisdom of the council's action in instructing the City Attorney to prepare the proper legislation, to be submitted at the next meeting, providing for the paving on the basis of the city paying one third, except at the intersection of streets the city to pay all, and the levying of assessments against abutting property owners for the other two-thirds of the cost. There were several expressions of approval of the paving program by members of the club and there was an apparent unanimous commendation by all present.

C. F. Drake, the secretary of the Rockdale Commercial Club was present and was called upon by the toastmaster, who made a very interesting and entertaining speech on the tremendous resources of Milam county, stressed the importance and benefits of Commercial Club work and closed with a suggestion for a

Milam County Chamber of Commerce.

Officers for the ensuing six months were elected as follows:

C. W. Lawrence, president.
Oxshier Smith, vice president.
B. F. Bonds, treasurer.
Directors—Robt. McLane, J. D. Dobbins, J. W. Coleman, Giles L. Avriett, E. V. Ferguson, S. A. Cottle, W. O. Newton, J. T. Parma, F. E. Jackson, J. B. White, C. R. Phillips, J. E. Mangum.

COTTON MARKET LETTER.

Houston, Texas, Oct. 3.—For the information of cotton producers and others interested, we wish to call attention to the salient facts which bear upon the cotton situation and the future market trend:

Consumption and Production:—The

consumption of American cotton during the past two years has been 6,753,000 bales in excess of production for the same period.

CARRY-OVER:—The carry-over has been reduced from 9,364,000 bales in the season 1920-1921 to 2,573,000 bales the past season.

PRESENT CROP:—The present crop, which has been estimated by the U. S. Bureau of Crop Estimates at 11,015,000 bales will probably be one and one-half million bales short of requirements during the current season, which would further reduce the carry-over to approximately one million bales as against a normal carry-over of five million bales.

Economical Situation:—The general tendency toward productiveness and industrial stabilization should be reflected in a sound business situa-

tion such as to insure a satisfactory progress of business and a consequent good demand for agricultural products at satisfactory prices.

It would appear that the decline of the cotton market upon the issuance of the Government crop estimate is

unwarranted by the statistical situation with respect to supply and demand, which we believe will ultimately exert its influence for a higher market.

MILAM COUNTY CLUB IN SAN ANTONIO MEETING

FORMER CITIZENS HERE FORM CLUB IN ALAMO CITY AND HOLD PICNIC.

The Milam County Club held their second monthly meeting at Koehler Park Thursday evening with a basket dinner.

About 75 former residents of Milam county were present and most delightful and pleasant social evening was spent in renewing old acquaintanceships and in reminiscences.

Short addresses were made by John H. Bickett, Jr., Robert P. Coons, W. H. Cade, W. C. McGregor, and S. S. McLane, a Confederate Veteran.

The Milam County Club is an organization of former residents of Milam County now living in San Antonio, and is maintained strictly for social purposes, and all former residents of Milam County and their families are eligible to membership and earnestly requested and urged to attend all meetings of the Club. Meetings are held at Koehler Park first Thursday of each month at six p. m.

Among those present at Thursday's meeting were:

John H. Bickett, Jr., C. C. Odom, Mr. and Mrs. Robert P. Coons, Mary Elizabeth Coons, Mrs. John H. Bickett, Sr., Mr. and Mrs. E. F. Hunter, Mr. and Mrs. W. H. Cade, Dr. and Mrs. E. H. Gray, Mr. and Mrs. W. C. McGregor, Mr. and Mrs. J. M. Landis, Mr. and Mrs. John Wright, Mr. and Mrs. Eugene Whitley, Mrs. Irene C. Odom, Mrs. R. W. Woods, Mr. and Mrs. Graham Goldthwaite, Dr. and Mrs. W. M. Paul, Mrs. M. McNeil, Miss Katherine McNeil, Mrs. R. C. Kiker, Miss Rebecca Craig, Mrs. Laura Baird, Mrs. H. Driver, Mrs. J. C. Gohman, Miss Alice Gohman, Mrs. C. P. Jones, Mr. and Mrs. Gray Hamblen, Mr. and Mrs. Ira Perry, Wallis Perry, Wilton Perry, Miss Kathryn Perry, Mrs. E. R. Caldwell, Miss Mabel Caldwell, Miss Nelle Caldwell, Miss Adaline Caldwell, L. M. Bickett, Brandon Bickett, J. M. Wright, Mrs. J. C. Valentine, Mrs. Ernest Cook, Mrs. D. C. Lattimer, Dorothy Lattimer, D. G. Lattimer, Jr., J. R. Cade, and Chas. E. Wyne, Jr.

MRS. E. F. HUNTER,

BACK TO SCHOOL.

The largest and most progressive Commercial School in the United States joins hands with the Rotary Club, and other similar organizations in the movement to have the boys and girls to complete their courses in the high schools and colleges. This school is known all over the United States a friend to young people. There is a large number of boys and girls who have advanced to the age where they can not, under the circumstances, return to high school or college, but must equip themselves in

some way within a short time to earn a livelihood. In order to accommodate these young people, the Tyler Commercial College teaches a literary course in connection with commercial course, without additional cost. The same literary training can be had in the Tyler Commercial College as in literary schools, and at the same time the student is qualifying himself for a salaried position with a reputable concern, or can go into a university or college and pay their expenses. Those who are not to re-enter high school or the university should write to the Tyler Commercial College today for a free catalogue explaining the school, the work they are doing, and the success of their graduates especially those who did not finish high school, who have availed themselves of this opportunity.

Mr. Jack Underwood, Manager of the Ardmore Milling Company, of Ardmore, Okla., and numerous others who did not complete high school, have creditably completed these courses in the Tyler Commercial College, and now employed in good positions. Most of them did not advance as far as the 8th grade in public school, and some of them did not get any further than the 5th grade.

The Tyler Commercial College has provided the means by which you can secure a business education at the least cost and shortest possible time. You can put yourself in the class of trained workers in a few months time by enrolling at once in the largest business training school in America; with a faculty of over thirty specialized teachers, all modern equipment, using their own famous systems of Business Training. You will get the most thorough, complete and practical training that can be had. Secure your business training now. They are continually being called upon, on account of their influence and prestige, and as a result of rapid growth, by business men, a large number of whom are their graduates, for young people to fill positions. Every month they have helped many to start on the road to success. Any subjects may be taught by mail.

Fill in and mail for large free catalogue.

TWO FORDS COLLIDE ON THORNDALE HIGHWAY.

While returning to his home at Taylor after attending the Fifth Sunday Meeting here, Rev. Davis field evangelist for the Christian church of the district of Williamson, Lee Milam and Burleson counties, figured in a collision with another car driven by Homer Tyler, employed at the Thorndale Oil Mill here Sunday night, which resulted in both cars being almost completely wrecked. With the exception of minor bruises and a few cuts of little concern, no one was injured, but Rev. Davis' car was taken to the Thorndale Auto Company's Garage for repairs and the Tyler car was taken to the Ideal Garage. The repair bills on both cars will be considerable.

50,000 YARDS OF LEATHER MADE BY FORD EVERY DAY.

Detroit, Mich., Oct. 6.—From a daily output of 5, 860 yards in October, 1920, to the manufacture of from 30,000 to 50,000 yards of artificial leather a day at present, after two years' effort, is one of the interesting achievements of the Ford Motor company's plant in Highland Park.

Five grades of leather, each suited to a different purpose, are produced and with these the company is able to supply, wholly or in large part, its own side curtains, side quarters, back curtains, cushions, cushion facings, tops, sedan roof covering. The artificial leather manufacture, which was first begun as an experiment in 1918, has reached a high state of perfection and now proceeds on the continuous production system.

The principal cloths used are drill, twill, moleskin, sateen and Ford cloth, which is woven at Highland Park. The average length of strip of any of these is 300 to 400 yards, with widths from 36 to 52 inches, and weights running between 200 and 500 pounds per roll.

As soon as a roll of cloth enters the manufacturing section of the department it is placed on a re-rolling device and carefully inspected for any possible defect. Next it is weighed and started through the coating ovens where the coating proceeds on a continuous system. As the cloth passes the first station or section, the coating mixture flows onto one side of it and is evenly distributed by a spreading knife. After the coat is applied the cloth passes into a drying chamber which is heated by steam to 210 degrees Fahrenheit. By the time it emerges from the drying chamber it is ready for the next coat and so the process is repeated until the desired surface covering is secured, when the cloth leaves the oven.

Before one roll has been run out, the starting end of another is sewed on, so that the coating operation may continue uninterrupted. When the cloth finally emerges from the oven with one side hidden beneath a black and glossy, but flexible coat, it is rewound on a roll and separated from its successor. Then it is weighed to ascertain if sufficient coating mixture has been applied.

Next comes the embossing process by means of which the leather pattern is produced on the coated side of the cloth. This is accomplished through flat and rotary presses, heated by steam to 230 degrees Fahrenheit and under pressure ranging on some from 400-500 tons to 600-700 tons on others. After the leather imprint has been made, the cloth goes to the final oven for its finish or luster coat. After a final inspection it is passed along to go into automobile production.

Approximately 2,100 gallons of coating mixture are required to supply the seven ovens during an eight-hour working shift and with the department now operating on a 16 hour day, 4,200 gallons are used daily.

This means that another Ford venture has been fully justified; that another functioning unit has taken its place in the Ford industry.

Is your home prepared?

When the little accident happens—is your home prepared?

Have you a supply of sterile gauze, sterile absorbent cotton and bandages always on hand?

You should be as careful as your doctor. He never uses strips of old linen. He always uses sterile dressings.

We are as careful as your doctor in selecting for you the right kind, the safe kind of dressings for you to buy.

We sell Bauer & Black dressings because great physicians and surgeons use them. Because every package is marked "sterile"—guaranteeing that by double sterilization germ life and infection are impossible.

Always keep in your home Bauer & Black adhesive plaster, absorbent cotton and gauze bandages. The cost is small. Be prepared for the little accidents and for intelligent first aid until the doctor comes. Be as careful as your doctor.
